INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and not remain in the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes. Yes can read and write. No—No can read nor write. Yes—No can read but not write.

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to this distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, French by nationality. An entry of "France" in nationality column may mean "French" by race or people, or it may mean "Breton," which might properly come under the heading of "Celtic." In this connection the following definitions should be especially observed:

The term "Cuban" refers to the people not Negroes.

" N

"West Indian" refers to the people West Indies other than Cuba not Negroes.

" "

"Spanish American" refers to the of Central and South America. Spanish

"African (black)" refers to C Negro, whether coming from Cuba or other islands of the West Indies, North America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

The people who are native to the (SOUTH). partments of Piedmont, Lombardy, of the River Po in northern Italy (i. e., residing in Italy, Switzerland, Austria, and Emelia; and their descendants, whether as "Italian (north)." Most of these gary, or any other country, should be classed speak a (Gallic dialect of the Italian language).

The people who are native to (SOUTH). (i. e., compartments of Liguria, of Italy south of the basin of the River Po Molise Campania, Apulia, Basilicata, Marches, Umbria, Rome, the Abruzzi and ria, Sicily, and Sardinia) and their descendants should be classed as "Italian

Column 11 (Last permanent The entries in column 10 should show the *country and city or town of last* residence. It is important for statistical purposes that steamship companies show country of last permanent residence independent of country of temporary nationality, or race.

Aliens who are permanent United States and are returning from a United States for country of last permanent residence.

Column 12 (Final destination). ry in column 11 should show definitely the place (city or town) of final destination.

Column 13 (If other having ...ding to *final destination).*—The entry in column 13 should be either Yes (ticket) ...

Column 14 (By whom was pa The entry in column 13 should show definitely by whom passage was paid, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15 (If father in possession of ... *and if less, how much).*—The entry in column 15 should give in each case the amount of money shown.

Money brought by the head or ... should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where). The entries in column 16 should show whether or not Yes or No in the United States before, and if so, the year or years and place, as 1894-97, Philadelphia.

Column 17 (Whether going to join relative or friend, and if so, what relative or friend).—The entry in column 17 should show whether or not the alien has gone to join either a relative or friend, and if so what relative or friend, with name and complete address.

... The answers to ... columns are subject to revision by any ... examining officer.

INSTRUCTIONS FOR FILLING ALIEN M[ANIFE]STS.

Column 4 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5—Married or single.—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6—Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8—Able to read and write.—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write); Nos—No (can neither read nor write), or Yes—No (can read but not write).

Columns 9 and 10—Nationality.—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Columns 9—Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien, who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Australia, or any other country, should be classed as "Italian: north." Most of these speak a Gallic dialect of the Italian language.

The people who are native to the peninsula of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Lome, the Abruzzi and Molise Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian [illegible]."

Column [illegible]—Last permanent residence.—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to the United States for country of last permanent residence.

Column [illegible]—Final destination.—The entry in column 11 should show definitely the place in the United States for final destination.

Column [illegible]—Whether having a ticket to final destination.—The entry in column 12 should be Yes (ticket to final destination).

Column [illegible]—Whether passage was paid.—The entry in column 13 should show definitely by whom the passage was paid, whether by the alien himself, husband, father, brother, or other relative; friend, charitable society, steamship company, etc.

Column [illegible]—Whether in possession of $50, and if less, how much.—The entry in column 14 should show whether the alien (or family) the exact amount of money shown.

Money [illegible] by the head of a family should not be divided among the several members [illegible].

Column [illegible]—Whether ever before in the United States; and if so, when and where.—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, when and where, as 1894-97, Philadelphia.

Column [illegible]—Whether going to join relative and if so, what relative or friend.—The entries should show whether going to join either a relative or friend, and if so, what relative, with name and complete address.

The answers to questions in columns are subject to revision by any examining officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass-polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and correc[tions] should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and write. No—No can neither read nor write. Or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly the "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew in race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following observations should be specially observed:

CUBA.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of Spanish descent.

[illegible]

"African (Black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

[illegible]

The people who are native to the [illegible] River Po in northern Italy (i. e., comprising the compartments of Piedmont, Lombardy, Venetia, Liguria, Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (North)." Most of these [illegible] Gallic dialect of the Italian language.

[illegible]

The people who are native to that [illegible] Italy south of the basin of the River Po [illegible] compartments of Isoarna, Tuscany, Umbria, Marche, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (South)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes [illegible] the country of last permanent residence and not country of nationality, or race.

Aliens [illegible] permanent residence in the United States and are returning from a visit abroad should be recorded on the manifest [illegible] United States for country of last permanent residence.

Column 11 (Final destination).—[illegible] column 11 should show definitely the place [illegible] of final destination.

Column 12 (Whether having a ticket to final destination).—The entry in column 12 should be Yes (ticket) or No (no ticket).

Column 13 (If not, whether in possession of money, and if less, how much).—The entry in column 13 should show [illegible] passage was paid, as by parent, husband, father, brother, or other relative; by [illegible] company, etc.

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should show [illegible] in such case (or family) the exact amount of money [illegible]

[illegible] to the head of a family should not be divided among the several [illegible]

Column 15 (Whether ever before in United States, and if so, when and where).—[illegible] should show [illegible] or not (Yes or No) in the United States [illegible] and place, as, 1903, Philadelphia.

Column 16 (Whether going to join relative or friend, and if so, what relative or friend, and his name and complete address).—The [illegible] whether going to join [illegible] relative or friend, and if [illegible] name and complete address.

[illegible] columns are subject to revision by any [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as nearly as possible the occupation, trade, or profession of each alien at the time of arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write. No—No can neither read nor write. or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should show the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people, as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean French by race or people, and similarly, French appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew may sometimes be a native of the kingdom of United Kingdom or of a certain country by nationality. In this connection the following instructions should be especially observed:

CHINESE.

The term "Chinese" refers to the Chinese people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, France, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country only, not town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary sojourn, nationality, or race.

Aliens returning to permanent residence in the United States and are returning from a visit abroad should be recorded as "United States" for country of last permanent residence.

Final destination).—The entry in column 11 should show definitely the place to which each alien is destined.

Whether having relatives or friends and if so, what and their names and addresses (final destination).—The entries in column 12 should show whether or not (Yes or No) in the United States has relatives or friends, and if so, what relatives or friends. The entry in column 13 should show definitely the name, relationship, and last residence of such relative or friend. The entry in column 14 should show whether the alien has in his possession $50, and if less, how much. The entry in column 15 should show whether or not (Yes or No) in the United States has been in prison or almshouse or supported by charity. The entry in column 16 should show definitely the name, relationship, and last residence of such relative or friend from whom the alien has received passage money, or to whom he is going, whether husband, father, brother, or other relative; or friend, or employer, etc.

Amount of money in possession and if less, how much.—The entry in column 17 should show the exact amount of money in possession of each alien, whether in single sum or family; the exact amount of money in each case should be stated. Money could not be divided among the several members of a family.

Whether ever before in the United States and if so, when and where.—The entry in column 18 should show whether or not (Yes or No) in the United States has been in the United States previously, and if so, when and where, as, 1894, Philadelphia.

Whether going to join relatives and if so, what relatives and where.—The entry in column 19 should show whether or not (Yes or No) the alien is going to join relatives or friends, and if so, what relatives or friends, and where, as, brother, Chicago.

Whether going with name of ticket agent, if any.—The entry in column 20 should show whether or not (Yes or No) the alien has a complete address.

Result of examination of alien.—Columns 21 and 22 are subject to entries by the immigrant inspector.

Received By Cap. Wilhelmi Dec 4

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write). or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—Column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country as to nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish [illegible]

Column 10 (Last permanent residence).—The entries in column 10 should show the country only or town of last permanent residence. It is important for statistical purposes that steamship companies ... show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who ... permanent residents of the United States and are returning from a visit abroad should be recorded ... United States for country of last permanent ...

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (able to read) and (able to write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write); No—No (can neither read nor write); Yes—No (can read but not write).

Column 8—Nationality.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9—Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America and Spanish

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 10 (Last permanent residence).—The entries in column 10 should show the country, city, or town of last permanent residence. It is important for statistical purposes that steamship companies note the country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the lists as United States for country of last permanent residence.

Columns 11—Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Columns 12—Have having a ticket to final destination).—The entry in column [illegible] either Yes—ticket or No—[illegible].

Columns 13—Have any person pay passage?—The entry in column 13 should show definitely whether passage was paid by husband, father, brother, or other relative; steamship company, etc.

Columns 14—How much in possession—Cash and if less, how much.—The entry in column 14 should give in each case to the nearest family the exact amount of money [illegible] brought by the head of a family should not be divided among the several [illegible] the family.

Columns 15—Ever before in United States, and if so, when and where).—The entry in column 15 should show whether yes or no? Yes or No as the case may be. If Yes, the entry should show the year and place as, thus 97, Philadelphia.

Columns 16—Have relatives or friends and if so, what relative or friend.—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

The answers to questions are subject to revision by any [illegible] examination of [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe, as accurately as possible, the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of all aliens.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes. Yes can read and write. No. No can neither read nor write. Yes No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean French in race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In the connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the native people—not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba—not Negroes.

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartimenti of Tuscany, Umbria, Marches, Campagna, Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies use explicit country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a temporary visit abroad should be recorded on the manifest as "United States" for country of last permanent residence alone.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town of final destination).

Column 12 (If having a ticket through to final destination).—The entry in column 12 should show either Yes (ticket) or No (no ticket).

Column 13 (Whether any person or corporation paying passage, etc.).—The entry in column 13 should show definitely whether passage was paid, and if so, by whom (name and address), as friend, husband, father, brother, or other relative; if by steamship company, etc.

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should show in each case (individual or family) the exact amount of money shown to be in possession.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show whether or not Yes or No in the United States before, the year or period of such visit and place, as 1894, Philadelphia.

Column 16 (Whether going to join a relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so what friend, with name and complete address.

The answers to these columns are subject to revision by any inspector at the examination of the alien.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes (can read and write), No (cannot read nor write), or Yes-No (can read but not write).

Column 9 (Nationality).—This column is construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America, of Spanish descent.

HEBREW.

AFRICA (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALY (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALY (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 13 (Whether having a ticket prepaid by self or others).—The entry in column 13 should be either Yes (ticket) or No (ticket).

Column 14 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as by husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and, if so, the year or period of each, and place, as, 1898-99, Philadelphia.

Column 17 (Whether going to join relatives or friends, and if so, what relatives or friends).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relatives or friend, with name and complete address.

Columns 18 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter appearing only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Can read and write).—Column 8 is subdivided and the entries therein should be either Yes. Yes (can read and write). No. No (can neither read nor write), or Yes. No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French by race or people," and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish [illegible]

AFRICAN (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALY (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALY (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important to obtain a [illegible] Steamship companies should show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the list as to United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 13 (Whether in possession of ticket through final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as "self," "husband, father, brother, or other relative;" "friend," "steamship company, etc."

Column 15 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (personal or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in United States, and if so, when and where).—The entries in column 15 should show whether or not "Yes or No" in the United States before; and if so, "1 year" or period of years and place; as, "1904-07, Philadelphia."

Column 17 (Coming to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, as "brother," "friend," complete address.

*Instead of "country of last permanent residence" insert in manifests of tourists and aliens in transit, state in manifest whether they are "tourists" or "in transit."

†"Race or People" must be determined by the nearest race or people to which aliens belong, as "Irish," "German," "English," "Italian," "Hebrew," "Polish," "Spanish," "Slovak," "Dutch," "French," "Scandinavian," "Scotch," "Welsh," "Russian," "Magyar," "Bohemian," "Moravian," "Slovenian," "Croatian," "Servian," "Ruthenian," "Bulgarian," "Dalmatian," "Roumanian," "Portuguese," "Japanese," "Chinese," "Turkish," "Syrian," "Armenian," "Negro," "Indian," "Mexican," or "Other nationalities," as the case may be. Use of terms "Latin," "Slavonic," "Teutonic," "Oriental," "African," "Semitic," or "Mongolian" will not be permitted.

Affidavit of the Master or Commanding Officer, or First or Second Officer.*

I, D. Wilhelmi master of the S.S. Baltic from Bremen do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, thirty in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

D. Wilhelmi
Commanding Officer.

Sworn to before me this 4 day of Nov. 1906

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifest should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean French in race or people and similarly French appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew in race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN

"Central American" refers to the people of Central and South America, not Negroes.

AFRICAN (BLACK).

"African (black)" refers to the Afro-American Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

[illegible] aliens arriving at ports in the U.S.[illegible] United States and are returning from a visit abroad should be recorded on the line to United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place [illegible] final destination.

[illegible] *Whether having a ticket through to such final destination.*—The entry in column [illegible] either Yes (ticket) or No (no ticket).

By whom passage paid.—The entry in column 13 should show [illegible] whether steerage passage was paid for by husband, father, brother, or other relative, [illegible] company, etc.

Whether in possession of $50, and if less, how much.—The entry in [illegible] in each case (individual or family) the exact amount of money [illegible]

[illegible] to the head of a family should not be divided among the several [illegible]

[illegible] *before in the United States, and if so, when and where.*—[illegible] should show either Yes or No in the United States [illegible] on previous [illegible] and place, as, 1894, at Philadelphia.

[illegible] *whether going to join relatives or friends, and if so what relatives or friends, and their complete address.*—The answers to these columns are subject to revision by any [illegible]

INSTRUCTIONS FOR FILLING ALIEN MA FESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under this head as occupation at destination. Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish (German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should be as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read).—Column 7 is self-explanatory and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—3113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on the manifest as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket).—[illegible] column 12 should be either Yes (ticket) or No.

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as for example, himself, husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50, or if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so what relative or friend, with name and complete address.

Columns 17 to 29.—The answers to these columns are subject to revision by any inspection officer in the examination of [illegible]

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex). The entry in column 4 should be either M. male or F. female.

Column 5 (Married or single). The entry in column 5 should be either M. married, S. single, Wd. widow or widower, or D. divorced.

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of [illegible]; aliens coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be recorded under head of "tourist" or under head of occupation.

For instance, Irish, expressing a nationality, does not necessarily mean Celtic, the race or people, and likewise French, appearing on a manifest does not necessarily mean Celtic, its nationality. An alien who is [illegible] German, of Hebrew [illegible] might properly come under the heading of United Kingdom, or other country to [illegible] in this connection the following distinctions should be specially observed:

Columns 10 and 11 (Last permanent residence).—The entries in column 10 should show the [illegible] of last permanent residence. It is important for statistical purposes that [illegible] accurately show country of last permanent residence, independent [illegible] country, nationality, or race.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widow(ed)), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes, Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in bottom reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in the record. For instance, "France" appearing on a manifest does not necessarily mean "French" as race or people, and similarly "Poland" appearing on a manifest does not necessarily mean "Pole." It may be, but it may not. An alien who is Irish, German, or Hebrew might properly come under the heading of United Kingdom or any other country as to nationality. In this connection the following distinctions should be specially observed.

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America or Spanish-American.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residents in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po [illegible] compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

[illegible last paragraph]—The entry in column 10 should show the country, city, or town of last permanent residence. It is important for statistical purposes that [illegible] country of temporary sojourn, but of last permanent residence.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on lists as United States for country of last permanent residence.

[illegible] Steerage passengers [illegible] paid [illegible] last nationality.)—The entry in column [illegible] Yes (check) or No (check).

[illegible] head of a family should not be divided among the several [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 1 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes (can read and write) or No (can neither read nor write). Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Russian" appearing on a manifest does not necessarily mean "French" in race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" in nationality. An alien who is Irish, Scottish, or Welsh by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed.

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Honduras or Guatemala and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po, in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 (Last permanent residence).—The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that [illegible] should be made to show last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on [illegible] as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 13 (If other having a [illegible] such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (Whether ever before in the United States, and if so, when and where).—The entry in column 14 should show whether the alien has been in the United States previously, and if so, the year and port of last previous arrival, as "1894, Philadelphia."

Column 15 (Whether going to join relatives or friends, and if so, what relatives or friends, and their name and complete address).—The entry in column 15 should show whether the alien is going to join relatives or friends, and if so, what relatives or friends, with name and complete address.

The answers to these columns are subject to revision by any special inspector examining aliens.

*Instead of showing occupation of tourists and aliens in transit, write in column 6 the word "tourist" or "in transit."

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, B. Wilhelmi, Master, of the S.S. Halle from Bremen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-two in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widow(er)), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes (meaning can read and write), No—Can neither read nor write, or Yes—Can can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which alien claims to be a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race or people may be a native or citizen of the United Kingdom or of any other country to which nationality. In this connection the following distinctions should be specially observed:

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that this information be obtained with care. Aliens frequently change their residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as coming to the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, state or town, of final destination.

Column 12 (Whether having a ticket through to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show distinctly by whom passage was paid, as "self," "husband, father, brother, or other relative," "steamship company, etc."

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should give in each case the exact amount of money carried, or family the exact amount of money carried.

Money brought by the head of a family should be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether yes or no. Yes or No in the United States and places as the case may be, Pennsylvania.

Column 16 (Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address).—The answers to these questions are subject to revision by any officer in the examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The entry of ages in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes (Yes can read and write), No—No (can neither read nor write).

Column 8 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of this sheet.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing as a nationality does not necessarily mean "French" as a race or people, and similarly, France appearing on a manifest does not necessarily mean "France" as nationality. An Israelite who is [illegible] or Hebrew as to race might originate in, and under the laws of United Kingdom or any other country in nationality.

[illegible] following distinctions should be specially observed:

CUBA

The entry [illegible] when people are Negroes.

WEST INDIES.

"West Indian" refers to the people of the West Indies other than Cuba not Negroes.

NEGRO WEST INDIAN.

"African (black)" refers to the Negroes of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of black blood should be classified under this heading.

ITALY.

The people who are native to the provinces of Piedmont, Lombardy, Venetia, and Liguria, residing in Italy, Switzerland, Austria, or elsewhere, are known as "Italian (north)." Most of these are [illegible]

The people who are native to the provinces of Tuscany, Umbria, Rome, the Abruzzi and Molise, Campagna, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entry in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately report country of last permanent residence, nationality, or race.

Aliens who have been in the United States for country of last permanent abroad should be recorded on manifest as residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

[redacted]

Column 12 (Whether having a ticket through).—The entry in column 12 should show whether ticket reads to destination. Yes (ticket) or No (no ticket).

Column 13 (Whether [illegible]).—The entry in column 13 should show whether passage was paid, and by whom, [illegible] money, etc.

Column 14 (If going to join a relative).—The entry in column 14 should show [illegible] father, brother, or other relative.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant last a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew in race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following instructions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negro).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, Northern or Central America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

[illegible] (SOUTH).

The people who are native to that [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to that [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town if [illegible] preference. It is important for statistical purposes that steamship companies show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

All [illegible] who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[illegible]

Column 13 (Ever before in the United States).—The entry in column 13 should be either Yes, If not, or No.

Column 14 (If so, when, and where).—The entry in column 14 should show definitely by whom passage was paid, as husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of $50 and if less, how much).—The entry in column 15 should show in each case [illegible] by family) the exact amount of money [illegible].

[illegible] brought by the head of a family should not be divided among the several [illegible] of the family.

[illegible] (Whether ever before in the United States; and if so, when and where).—[illegible] column 16 should show either Yes or No. Yes in the United States [illegible] the year (or period of time) and place, as, 1904, Philadelphia.

[illegible] (If so, to join relatives, and if so, what relatives or friends).—The [illegible] should show whether going to join either a relative or friend, and if [illegible] with name and complete address.

[illegible] The answers to these questions are subject to revision by any [illegible] at the examination [illegible].

Column 8 (Nationality).—Column 8 should be construed to mean the country of which a immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance: "France" appearing on a manifest does not necessarily mean French, in race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In these connection the following distinctions should be specially observed:

CUBAN.

The terms "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies properly show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as "United States" for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place only or town of final destination.

[redacted]

Column 13 (Whether having a ticket through to such final destination).—The entry in column 13 should be either Yes (ticket) or No (ticket).

Column 14 (By whom sent passage).—The entry in column 14 should show definitely by whom passage was paid, as "husband," "father, brother, or other relative," "friend," "steamship company, etc.

Column 15 (Whether in possession of $50, and if less, how much).—The entry in column 15 should show in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in United States, and if so, when and where).—The entries in column 16 should show either or not (Yes or No) in the United States before, and if so, the year or period passed and place, as 1894, 95, Philadelphia.

Column 17 (Going to join relative or friend, and if so what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend, and if so what relatives or friend, with their complete address.

Columns 18 to [illegible].—The answers these columns are supposed to receive by the inspection officer in the examination [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" as race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality; in this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

[redacted]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "Self," husband, father, brother, or other relative, the steamship company, etc.

Column 14 (Whether in possession of $50, and if less how much).—The entry in column 14 should show in each case (adult or family) the exact amount of money shown.

Money brought in the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show either Yes or No. If in the United States before, the date and the city, town, or locality should be given, as, "1893, Philadelphia."

Column 16 (Whether going to join a friend, and if so, what friend or relative).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what friend, with name and complete address.

The answers to these columns are subject to revision by any inspector during the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3: Age.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4: Sex.—The entry in column 4 should be either M (male) or F (female).

Column 5: Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6: Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens on arrival.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," thus coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7: Able to read or write.—Column 7 is subdivided and the entries therein should be either Yes or No. Yes, can read and write. No, No can neither read nor write. or Yes, No can read but not write.

Column 8: Nationality.—Column 8 should be construed to mean the country of which an immigrant is a citizen or subject.

Column 9: Race or people.—The entry in column 9 should show the race or people as given in the preceding column enumerated.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. Form should not "appearing on a manifest does not necessarily mean French in race or people and similarly "French" appearing on a manifest does not necessarily mean France to be nationality. An alien who is Irish or Scotch or Hebrew by race might perhaps come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be carefully observed:

CUBAN.

The term "Cuban" relates to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" relates to the people of the West Indies other than Cuba and Negroes.

SOUTH AMERICAN.

"South American" relates to the people of Central and South America, except

AFRICA (BLACK).

"African (black)" relates to the Africa Negro, whether coming from Cuba or other islands of the West Indies, Northern South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., comprising the provinces commonly known as Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that part of Italy south of the basin of the River Po (i. e., comprising the provinces commonly known as Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (south)."

Column 10: Last permanent residence.—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes to secure the name of the country of last permanent residence as distinguished from country of birth, nationality, or race.

Aliens who are returning to the United States and are returning from a foreign country to which they have resided for a time should be recorded as coming from the United States for country of last permanent residence.

Column 11: Final destination.—The entry in column 11 should show definitely the place (city or town) of intended residence.

[redacted]

Column 12: Whether going to join a relative or friend, and if so, what relative or friend, and its name and complete address.—The entry in column 12 should show as far as possible whether the alien is going to join a husband, father, brother, or other relative, friend, or employer, and if so, the name and complete address of such relative, friend, or employer.

Column 13: Whether in possession of $50 and if less, how much.—The entry in column 13 should show whether the alien has in his own individual possession or in that of his wife or family the exact amount of money specified, and if less than $50 the exact amount. The amount in the possession of the head of a family should not be divided among the several members thereof.

Column 14: Whether ever before in the United States and if so, when and where.—The entry in column 14 should show whether the alien has been in the United States before, and if so, when and where. If he has been in the United States at any time prior to 1893-96, Philadelphia.

Column 15: Whether a person who has a ticket or money order sent him by any person who has sent for him, and if so, by whom sent.—The entry in column 15 should show whether the alien has been sent for by any person, and if so, whether by a relative or friend, and if by a relative, what relative, and the name and complete address of the person who sent for him.

These instructions are subject to revision by any

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, tool maker, engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country in which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 11 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or in spirit, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 12 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies never allow country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded opposite the United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 13 should show definitely the place, city or town, of final destination.

Column 14 (Whether having a ticket through to final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (Whether any person paying passage).—The entry in column 15 should show definitely by whom passage was paid, as "self," "husband, father, brother, or other relative," "steamship company, etc."

Column 16 (If to father or person, state relationship, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States, and if so, when and where).—The entry in column 17 should show "Yes" or "No" in the United States and, if "Yes," the year or period of time and place, as "1893-97, Philadelphia."

Column 18 (Coming to any relatives or friends, and if so, what relatives or friends).—The entry in column 18 should show who the party is to join either a relative or friend, and if a relative or friend, with name and complete address.

Column 19.—The answers in this column are subject to revision by any inspector, or in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France, appearing on a manifest does not necessarily mean "French" as race or people and similarly, French appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew in race might properly come under the heading of United Kingdom or any other country, in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people—not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba—not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRO (BLACK).

"African (black)" refers to the Afro people, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture (how little) of black blood should be classified under this heading.

IT S (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Liguria, Tuscania, Emilia, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Arts, Sicily, and Sardinia) and their descendants, should be classed as "Italian (north)."

IT S (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscania, Emilia, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Arts, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city (name of last permanent residence). It is important for statistical purposes that steamship companies accurately show country of last permanent residence. Independent country of temporary sojourn, nationality, or race.

Aliens with permanent residence in the United States and are returning from a visit abroad should be recorded as to United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place [illegible] final destination.

Aliens neither in the United States [illegible] pass through in transit, should be recorded as to [illegible] (*Final destination*).—The entry in column 12 should be either Yes—Yes or No—No.

Column 12 (Have you relatives or friends in the country you are going to, and what is their name and address?).—The entry in column 13 should show definitely whether money was paid by such alien's father, brother, mother, relative, friend, steamship company, etc.

Column 13 (Have you money, and how much?).—The entry in column 13 should show definitely whether alien has money in his possession to pass him through, and how much, and should give in each case (whether cash or otherwise) the exact amount of money shown.

Money brought by the head of a family should be divided among the several members of the family.

Column 14 (Have you ever been in the United States; and if so, when and where?).—The entry in column 14 should show either Yes or No in the United States before, and if so, when and where, as, 1894-97, Philadelphia.

Column 15 (Have you a ticket, and who paid for it?).—The entry in column 15 should show whether alien has a ticket, and if so, whether paid for by self, by relatives or friends, etc.

Column 16 (Whether going to join a relative or friend, and if so, what relative or friend, and their name and address).—The entry in column 16 should show whether alien is going to join either a relative or friend, and if so, what relative or friend, and their name and address.

The above instructions are subject to revision by any [illegible]

* Insert the word "none" in this column for infants. For the remaining occupations of females, and of males under 14 years of age, write the word "none." For all others state in column 6 whether laborer, skilled or unskilled, and specify the occupation of each.

† Insert the name of the country of which the alien is a citizen or subject. Care should be taken to distinguish between country and race or people. The latter will be determined by the stock from which aliens sprang and the language spoken. A list of races will be found on page 3 of this sheet.

I, H Rose, master of the S. S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections at other should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write). No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which a immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race, might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place—city or town—of final destination.

[redacted]

Column 12 (If having a ticket to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "self," husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (If in possession of $50 and if less, how much).—The entry in column 14 should give in each case (by individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in United States, and if so, when and where).—The entries in column 15 should show whether or not "Yes" or No" the United States before, and if so, the year or period of time and place, as, 1904 or, Philadelphia.

Column 16 (Coming to join a relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 17.—The answers in these columns are subject to revision by any inspector officer in the examination of aliens.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No—Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" as race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" as nationality. An alien who is Irish, German, or Hebrew in race or people should not be credited to "United Kingdom" or any other country as nationality. In this connection the following distinctions should be specially observed:

"AFRICAN (BLACK)."

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

"ITALIAN (SOUTH)."

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

"ITALIAN (SOUTH)."

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies and others show country of last permanent residence, not place of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded only as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the town, city or town of final destination.

Column 12 (If either having already been to the United States).—The entry in column 12 should be either Yes (cricket) or No (○).

Column 13 (Ticket purchased by whom sent).—The entry in column 13 should show definitely whether passage was paid by the alien himself, father, brother, or other relative; friend, charitable company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show under or not (Yes or No), in the "United States" column 2, on the year and period, and place, as, 1904, 97, Philadelphia.

Column 16 (Going to join relatives and if so what relative or friend).—The entry in column 16 should show what relative to join either a relative or friend, and if a friend, relative or friend with name and complete address.

The answers to these columns are subject to revision by any inspection officer in the examination room.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes (can read and write). No—No (can neither read nor write). Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly "France" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race ought properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the Asia Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the north of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (If ticket, whether paid by himself or others, and if latter, by whom).—The entry in column 13 should show definitely on whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not Yes or No in the United States before, and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Coming to join relative or friend, and if so, what relative or friend).—The entries in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and write. No—No can neither read nor write. Yes, No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean French by race or people, and similarly, "France" appearing on a manifest does not necessarily mean "France" by nationality. A person who is Irish, German, or Hebrew in race, might properly come under the head of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the native people not Negroes.

INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SOUTH AMERICAN.

"South American" refers to the people of Central and South America, not Negroes.

"African (black)" refers to the people of the islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Umbria, Rome, the Marches, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having ... such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid: husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of ... and if less, how much).—The entry in column 14 should give in each case the actual amount of money shown.

Money brought by the head of a family or individual or family the exact amount of money shown should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show definitely whether or not Yes or No in the United States, giving date and place, as 1894-97, Philadelphia.

Column 16 (Whether going to join relative or friend, and if so, what relative or friend, with complete address).—The entry in column 16 should show whether going to join others relative or friend and if so what relative or friend, with complete address.

Column 17.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the native people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people from West Indies other than Cuba and Negroes.

NEGRO—AFRICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence—country, and city or town of last permanent residence).—The entries in column 10 should show the last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12 (Whether having a ticket to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (How much money alien has in his possession, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year or period (year) and place: as, 1894-97, Philadelphia.

Column 16 (Whether going to join relative or friend, and if to relative or friend, name relative, and full address).—The entry in column 16 should show whether going to join either a relative or friend, and if so what relative or friend with name and complete address.

Columns 17 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN M...FESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following instructions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

I, H. Boyer, master of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 5a (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read or write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of this manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully [illegible] by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly, "Greece" appearing on a manifest does not necessarily mean "Greek" in race, "France" is nationality, so an alien who is Irish, German, or Hebrew as to race might properly come under the heading of United Kingdom or any other country as to nationality. In this connection the following instructions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

SPANISH-AMERICAN.

Spanish-American refers to people of Central and South America, Spain, etc., except

RACE (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN.

The people who are native to the Valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, America, Europe, or any other country, should be classed as "Italian north." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian south."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (If not, whether in possession of money, and how much).—The entry in column 13 should show by whom passage was paid (self, husband, father, brother, or other relative, friend, steamship company, etc.).

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether the alien has been in the United States before, and if so, the year (or period of years) and place, as 1894, Philadelphia.

Column 16 (Coming to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether the alien is coming to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 17 to 21.—The answers to these columns are subject to revision by any inspection officer in the examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. Ages.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. Sex.—The entry in column 4 should be either M (male) or F (female).

Column 5. Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of aliens arriving.

Aliens intending to pass through and out of the United States should be recorded under head of "In transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "Temporary visitors" under head of "Remarks."

Column 7. Nationality.—Column 7 is subdivided and the entries therein should be either Yes or No, as indicated and written. No—No can neither read nor write. Yes—Yes can read but can not write.

Column 8. Nationality.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in the immigrant's declaration, and not as manifested.

Special attention is directed to the distinction between race and nationality, and inspectors and registry clerks in charge should see that this distinction is observed. For instance, France, Africa, etc., are countries, and not races or peoples. The term "African (black)" as commonly used does not necessarily mean [illegible] race or people and citizenship appearing on a manifest does not necessarily mean [illegible] person who is Irish, German, or Hebrew by race, but it is intended that the [illegible] shall be specific as to race or people, and if a native of the United Kingdom or any other country having more than one race or people, such instructions should be specific as to race.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti or Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residents in Italy, Switzerland, America, Africa, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country of only bona fide last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the basis of the United States for country of last permanent residence.

Column 11. Final destination.—The entry in column 11 should show definitely the place—city or town—of final destination. [illegible]

Column 12. Whether having a ticket through.—The entry in column 12 should show (ticket).

Column 13. By whom was passage paid.—The entry in column 13 should show whether by himself, by whom passage was paid (name and address of husband, father, brother, or other relative, friend, steamship company, etc.).

Column 14. Whether in possession of $50, and if less, how much.—The entry in column 14 should give in each case the actual amount of money shown.

Money shown by or on behalf of a family should not be divided among the several members of the family.

Column 15. Whether ever before in the United States, and if so, when and where.—The entry in column 15 should show whether or not. Yes or No in the United States, and if so, how long ago (period in years and places, as 1904-07, Philadelphia).

Column 16. Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address.—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

The answers to these columns are subject to revision by any [illegible] examination.

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of all arrivals.

Aliens in transit through and out of the United States should be recorded under head of "Occupation" as "In transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read or write).—Column 7 is subdivided and the entries therein should be either Yes (can read) or Yes (can write), and write). No—No (can neither read nor write), or Yes—No (can read, but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in foreign passport, and not as shown on manifest.

Special attention is called to the distinction between race and nationality, and manifests should be carefully examined by inspectors and registry clerks in this regard. For instance, French nationality on a manifest does not necessarily mean "French" by race or people, and the term French appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the flag of United Kingdom, or any other country by nationality. Similar distinctions should be specially observed.

CUBAN

The term "Cuban" refers to the native citizen people (not Negroes).

WEST INDIAN

"West Indian" refers to the native citizen people of the West Indies other than Cuba (not Negroes).

INSTRUCTIONS FOR FILLING ALIEN M[ANI]FESTS.

Column 1 (Age). The return of age in column 8 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 6 and 7 (Able to read, etc.). Column 7 is subdivided and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people). The entry in column 9 should show the race or people as given in list on reverse side of citizen manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully examined by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "Ireland" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the head of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to [illegible] Central

(BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of negro blood should be classed under this heading.

(NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north). Most of these speak a Gallic dialect of the Italian language.

(SOUTH).

The people who are native to the [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last previous residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as to their last permanent residence in the United States for country of last permanent residence.

Column 11 (Final destination).—The entries in column 11 should show definitely the place (city or town) of final destination [illegible]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No.

Column 13 (By whom was passage paid). The entry in column 13 should show definitely by whom passage was paid, whether by himself, husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of $50 and if less, how much). The entry in column 14 should give in each case the actual or family, the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so the year or period (as 1903) and place (as, 1904-07, Philadelphia).

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so what relative or friend, with his complete address.

Columns 17 to [illegible]. The answers to [illegible] columns are subject to revision by any inspection officer in the examination of [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, steel turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown in dollars.

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 7 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes (Yes) or No (No), and write. No—No can neither read nor write. Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant entertains allegiance.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in lists or manifests of alien manifest.

Special attention should be given to the distinction between race and nationality, and manifests should be corrected by inspectors and registry clerks in this regard. For instance, France applies to a nationality, but on a manifest does not necessarily mean "French" in race or people, and similarly [illegible] appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality, in which case the following distinctions should be specially observed:

CUBAN

The term Cuban refers to the native people (not Negroes).

WEST INDIAN

"West Indian" refers to natives of the West Indies other than Cuba (not Negroes).

NEGRO (AMERICAN)

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

(BLACK).

(NORTH).

The people who are native to the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

(SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies show country of last permanent residence, nationality, or race, independent of country of temporary sojourn.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (Yes) or No (No).

Column 13 (Whether in possession of $50 and if less, how much).—The entry in column 13 should show the amount of money possessed by whom passage was paid, whether by individual or family, etc. The amount of money shown in column 14 should give in each case the amount shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States, and if so, when and where).—The entries in column 14 should show whether or not (Yes or No) in the United States before, and if so, the year or period (Yes) and place, as, 1894-95, Philadelphia.

Column 15 (Coming to join relative or friend, and if so, what relative or friend, and if so, what relative or friend, with name and address).—The entry in column 15 should show whether going to join either a relative or friend, and if so what relative or friend, with complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widow), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 8 and 9 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "English" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to a Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to one of the West Indies other than Cuba or Negroes.

SOUTH AMERICAN.

"Spanish-American" refers to people of Central and South America of Spanish [illegible]

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the Provinces of the River Po (in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, France, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 12 and 13 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies give as the country of last permanent residence [illegible] country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on the manifest as from the United States for country of last permanent residence.

Columns 14 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

[redacted]

Column 15 (Whether having a ticket to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Columns 16 (By whom passage was paid).—The entry in column 13 should show definitely by whom passage was paid, whether by himself, herself, husband, father, brother, or other relative; friend, steamship company, etc.

Column 17 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States: and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year or period of time and places as, 1894-97, Philadelphia.

Column 19 (Going to join relative or friend: and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend with full address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to [illegible] of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to [illegible] people of Central and South America of Spanish descent.

"African (black)" refers to the [illegible] islands of the West Indies, North or [illegible] appearance indicates an admixture [illegible] heading.

[illegible]

The people who are native to the [illegible] partments of Piedmont, Lombardy, [illegible] residing in Italy, Switzerland, Austria [illegible] as "Italian (north)." Most of those [illegible]

[illegible]

The people who are native to that [illegible] (i. e., compartments of Liguria, Tuscany, [illegible] Molise, Campania, Apulia, Basilicata, [illegible] ants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on the manifest as from United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether going to join relatives).—The entry in column 12 should be either Yes (tickets) or No (tickets).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid (whether by himself, husband, father, brother or other relative; friend, steamship company, etc.

Column 14 (How much money in possession, and if less, how much).—The entry in column 14 should give in each case (for himself or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and places; as, 1904-07, Philadelphia.

Column 16 (Coming to join relatives; and if so, what relatives or friends).—The entry in column 16 should show whether going to join other relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to [illegible].—The answers to columns are subject to revision by any inspection officer in the examination [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5. (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6. (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7. (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes or No—Yes to mean that person can read and write, or Yes, No to mean can read but cannot write, or No to mean neither read nor write.

Column 8. (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. (*Race or people*).—The entry in column 9 should show the race or people as given in bottom reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be corrected by inspectors and registry clerks in this regard. For instance, Finns appearing on a manifest does not necessarily mean French as race or people and similarly French appearing on a manifest does not necessarily mean "French" as nationality. [illegible] Finns [illegible] should be entered as natives of United Kingdom or any other countries to nationality. In these cases [illegible] distinctions should be specially observed.

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuban, not Negro.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, not Spanish.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the provinces of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, America, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10. (*Last permanent residence*).—The entries in column 10 should show the country, and city or town of last residence. It is important for statistical purposes that steamship companies show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who age permanent residence in the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Column 11. (*Final destination*).—The entry in column 11 should show definitely the place [illegible] of final destination.

Column 12. (*Whether having friends or relatives paying passage, and if so, what friends or relatives, and whether such friends or relatives are in the United States, and if so, where and what they are*).—The entry in column 12 should show (by Yes or No) whether the alien has friends or relatives paying passage, and if so, what friends or relatives (whether father, mother, brother, or other relative; husband, wife, or children; sister, uncle, aunt, cousin, etc.).

Column 13. (*Whether in possession of money, and if so, how much*).—The entry in column 13 should show (by Yes or No) whether the alien has money, and if so, how much. The entry in column 13 should give in each case the exact amount of money shown.

Money brought by the head of a family or group should not be divided among the several members.

Column 14. (*Whether ever before in the United States, and if so, when and where*).—The entry in column 14 should show (by Yes or No) whether the alien has been in the United States before, and if so, when and where, as 1893-97, Philadelphia.

Column 15. (*Whether going to join a relative or friend, and if so, what relative or friend*).—The entry in column 15 should show whether the alien is going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

The foregoing columns are subject to revision by any inspector at the examination of the alien.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widow(er)), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in last on reverse of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

(BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

AN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies carefully show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as "United States for country of last permanent residence."

Column 12 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination. [illegible] such final destination).—The entry in column 12 should be either Yes (ticket) or No.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (*Married or single*).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (*Calling or occupation*).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "occupations" as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of "occupation."

Columns 5 (*Able to read or write*).—Column 5 is subdivided and the entries therein should be either Yes—Yes can read and write. No—No can neither read nor write, or Yes—No can read but not write.

Column 6 (*Nationality*).—Column 6 should be construed to mean the country or which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully scanned by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In these cases the following directions should be especially observed:

CUBAN.

The term "Cuban" refers to the native people not Negroes.

WEST INDIAN.

"West Indian" refers to people of West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Germany, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the country, of city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as to last United States for country of last permanent residence.

Column 11 (*Final destination*).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 13 (*If going to join a relative, name this relative; his relationship, and final destination*).—The entry in column 13 should be either Yes (there is one) or No (there is not).

The entry in column 13 should show definitely husband, father, brother, or other relative.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be called to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SOUTH AMERICAN.

"South American" refers to the people of Central and South America of Spanish descent.

11—115

"African (black)" refers to [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

The people who are natives of Italy north of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, Liguria, and Emilia) and their descendants, whether residing in Italy, Switzerland, [illegible], or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

The people who are natives of Italy south of the basin of the River Po (i. e., compartments of Tuscany, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 10 (Last permanent residence, country, and city or town of).—The entries in column 10 should show the last permanent residence of aliens. It is important for statistical purposes that steamship companies should show the country of last permanent residence independent of country of nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Aliens coming to the United States [illegible] pass through in transit, should [illegible].

Column 12 (Whether having a ticket through).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, whether by himself, husband, father, brother, or other relative, friend, steamship [illegible], etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with complete address.

Columns 17 to 42.—The entries in these columns are subject to revision by any inspection officer in the examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as nearly as possible the occupation, trade, or profession of such alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1113

(BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

AN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, Liguria, Emilia, and Romagna) and their descendants, whether residing in Italy, Switzerland, Argentina, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

(SOUTH).

The people who are native to the portions of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies and registry clerks should invariably show country of last permanent residence independent of country of temporary sojourn, allegiance, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded only as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid; husband, father, brother or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case the exact amount of money shown.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Can read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write). or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immediate allegiance is owed.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of each manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully examined by inspectors and registry clerks in this regard. For instance, France is the nationality on a manifest does not necessarily mean "French" by race or people, and conversely, French appearing on a manifest does not necessarily mean "France" as nationality. An alien who is Irish, German, or Hebrew is regarded properly as coming under the heading of United Kingdom or any other country as to nationality. In these connections the following instructions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SOUTH AMERICAN.

"South American" refers to the people of South America.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 11 (Last nationality or people).—The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies obtain and show correctly the last independent country of temporary residence, nationality, or race.

Aliens whose permanent residence is in the United States and are returning from a visit abroad should in all cases show the United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 12 should show definitely the place to which each alien has a ticket or has paid passage, or otherwise intends to go, and if he has friends to whom he is going, their names and addresses should be given.

Column 13 (Whether going to join relative or friend, and if so, what relative or friend, and name and address of such relative or friend).—The entry in column 13 should show definitely whether the alien has a ticket or has paid passage to join a relative (husband, father, brother, or other relative) or friend, and if so, what relative or friend, and if not, how much money he has, and if less, how much. The entry in column 13 should show definitely whether the alien has a ticket or has paid passage to join a relative (husband, father, brother, or other relative) or friend, and if so, what relative or friend, and if not, how much money he has, and if less, how much. The entry in column 13 should show definitely whether the alien has a ticket or has paid passage to join a relative (husband, father, brother, or other relative) or friend, and if so, what relative or friend, and if not, how much money he has, and if less, how much. The entry in column 13 should show definitely whether the alien has a ticket or has paid passage to join a relative (husband, father, brother, or other relative) or friend, and if so, what relative or friend, and if not, how much money he has, and if less, how much. The exact amount of money shown.

Money [illegible] to this head should not be added among the several [illegible]

[illegible] States (and if so, [illegible] and whether [illegible] (Yes or No) in the United States [illegible] and place (as 1234 St., Philadelphia).

I, J. Ramussewitz, master* of the S.S. Nekar from Fiume, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each of the aliens named in the foregoing Lists or Manifest Sheets, thirty in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or a contract laborer, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read) (Able to write).—Column 7 is subdivided and the entries therein should be either Yes or No (read and write). No—No can neither read nor write. Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of manifest.

Special attention should be given to the distinction between race and nationality and manifests should be carefully examined by inspectors and registry clerks in this regard. For instance, France appears as a manifest does not necessarily mean French by race or people, and similarly, Russia, Turkey, Austria, Hungary, Germany, and Great Britain do not always indicate that the persons hailing therefrom belong to the races or peoples which usually bear the names of those countries. Persons coming from these countries should be carefully questioned as to their race or people, and the correct race or people should be entered in column 9.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded opposite the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (If ticket having it been prepaid final destination).—The entry in column 12 should be either Yes (ticket) or No (ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid as husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (If ever before in United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year or period, as, 1903-07, Philadelphia.

Column 16 (Whether going to join relative or friend, and if so, what relative or friend, and complete address).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with complete address.

Columns 17 to 19.—The answers to these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex). The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single). The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read or write). Column 7 is subdivided and the entries therein should be either Yes—Yes (read and write). No—No (can neither read nor write) or Yes—No (can read but not write).

Column 8 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people). The entry in column 9 should show the race or people as given in list on reverse side of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully examined by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the native Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives of that part of Italy north of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Germany, or any other country, should be classed as "Italian (north)." Most of these speak Gallic (Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence). The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded often as United States for country of last permanent residence.

Column 11 (Final destination). The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket through to final destination). The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid). The entry in column 13 should show definitely by whom passage was paid, as husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (How much money in possession—Whether over or under $30, and if less, how much). The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in United States, and if so, when and where). The entry in column 15 should show whether or not. Yes or No in the United States before, and if so, the year or years and place (as, 1901, Philadelphia).

Column 16 (Going to join a relative or friend). The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. Age.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. Sex.—The entry in column 4 should be either M (male) or F (female).

Column 5. Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, carpenter, machine-wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Farmer includes all persons having a farm, either for himself or others.

Farm laborers includes all persons working on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under heads of "Destination" and "Intended future residence" as "In transit." Those coming only for a temporary sojourn in the United States, but intending to pass through in transit, should be classed as "Tourists" or "Visitors" for pleasure, etc., as the case may be.

Column 7. Can read.—This column is subdivided and the entries therein should be either Yes or No. Yes—Can read and write. No—Can neither read nor write. Yes, No—Can read but cannot write.

Column 8. Country of which citizen or subject.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in last column of manifest.

Special attention is called to the distinction between race and nationality, and inquiries are to be made of immigrants by inspectors and registry clerks in accordance therewith. People such as appearing on a manifest do not necessarily mean [illegible] race or people. For instance, a Scotchman who is Irish, German or Hebrew by race, or a native of United Kingdom or any other country by birth, is to be described as Scotch.

The following distinctions should be specially observed:

AFRICAN (BLACK).

The term "African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian, north." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that section of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10. Last permanent residence.—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence and not country of temporary sojourn, nationality or race.

Aliens having a permanent residence in the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11. Final destination.—The entry in column 11 should show definitely the place, city or town of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4. (Age.)—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. (Sex.)—The entry in column 5 should be either M (male) or F (female).

Column 6. (Married or single.)—The entry in column 6 should be either M (married), S (single), Wd (widower), or D (divorced).

Column 7. (Calling or occupation.)—The entry in column 6 should describe, as accurately as possible, the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown in either case.

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8. (Is the person able to read?)—Column 8 is subdivided and the entries therein should be either Yes (Yes—Can read and write). No—No—Can neither read nor write), or Yes—No—Can read but [illegible]

Column 9. (Nationality.)—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10. (Race or people.)—The entry in column 10 should show the race or people as shown in the nationality column manifest.

Special attention should be called to the distinction between race and nationality and instructions should be carefully read by inspectors and registry clerks in this regard. For instance, "France" as appearing on a manifest does not necessarily mean "French" as to race or people, and similarly other terms appearing on a manifest describe necessarily mean "France" as to race or people. An Italian who is Irish, German, or Hebrew is not to be entered as of United Kingdom or any other country to which such races or peoples may belong. The following distinctions should be respectively observed

(BLACK).

The term "African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

(NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

(SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11. (Last permanent residence.)—The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies correctly show country of last permanent residence as distinguished from country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on the manifest as United States for country of last permanent residence.

Column 12. (Final destination.)—The entry in column 11 should show definitely the place, city or town) of final destination.

[redacted]

Column 13. (Whether having a ticket to final destination.)—The entry in column 13 should be either Yes (ticket) or No (not).

Column 14. (By whom was passage paid?)—The entry in column 14 should show definitely to whom passage was paid (husband, father, brother, or other relative; friend; steamship company, etc.

Column 15. (Whether in possession of $50 and if less, how much.)—The entry in column 15 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16. (Whether ever before in United States, and if so, when and where.)—The entries in column 16 should show whether or not (Yes or No) in the United States before, and if so, the year (or approximate) and place (as, 1894, Philadelphia).

Column 17. (Going to join relative or friend, and if so, what relative or friend.)—The entry in column 16 should show whether going to join relative or friend, and if so, what relative or friend, with complete address.

Column 18. (Ultimate destination.)—The [illegible] are subject to revision by any inspector in the examination.

* Instead of showing occupation of those aliens in transit, state in column 6 whether they are "tourists" or "in transit."

† Give State or Country. If to go to friends, give their name and address; if to go to a steamship landing, state name of ship and destination. Also, in case of aliens destined to the United States, the name of the railroad ticket agent, if any, to whom alien is consigned.

¶ Strike out the words not applicable. If alien is a polygamist, or practices polygamy, or believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or is an anarchist, or is coming in pursuance of any previous promise, agreement, or solicitation, or is likely to become a public charge, or has been deported before, or has come in violation of any law, state fully in what manner and when and where.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. Age.—The return of age in column 3 should be expressed in years or months; the latter applying only to those under 1 year of age.

Column 4. Sex.—The entry in column 4 should be either M (male) or F (female).

Column 5. Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown in each case.

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 to 10, inclusive.—Column 7 is subdivided and the entries therein should be either Yes or No. Yes—No—and what. Yes—No can neither read nor write, or Yes—No can read but cannot write.

Column 8. Nationality.—Column 8 should be construed to mean the country of which immigrant is a subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in the lists or manifests.

Special attention should be paid to the distinction between race and nationality, and manifests should be corrected by inspectors and registry clerks in this regard. For instance, "English" on a manifest does not necessarily mean "French," by race or people, and "German" does not necessarily mean "France" by nationality. An Alsatian would be Irish, German, or Hebrew by race, but might properly come under the heading of United Kingdom or any other country in nationality. In this case the following distinctions should be specially observed:

GERMAN.

The term German should be used to designate German people, not Negroes.

WEST INDIAN.

"West Indian" should be used for persons from the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

Spanish-American should be used for people of Central and South America of Spanish descent.

(BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other West Indian islands or the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

(NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., comprising the compartments of Piedmont, Lombardy, Liguria, Tuscany, and Emilia) and their descendants, whether residing in Italy, Switzerland, Argentina, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

(SOUTH).

The people who are native to that part of Italy south of the basin of the River Po, i. e., the compartments of Liguria, Tuscany, Emilia, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian (south)."

Column 10. Last permanent residence, country, and city or town.—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies show country of last permanent residence, nationality or race, independent of country of temporary residence.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifests as from the United States, States for country of last permanent residence.

Column 11. Final destination.—The entry in column 11 should show definitely the place city or town of final destination.

[redacted]

Column 12. Whether having a ticket through to final destination.—The entry in column 12 should be either Yes (ticket) or No.

Column 13. By whom was passage paid?—The entry in column 13 should show definitely by whom passage was paid, whether by himself or herself, or by father, mother, or other relative, friend, steamship company, etc.

Column 14. Whether in possession of $50, and if less, how much.—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Moneys brought by the head of a family should not be divided among the several members of the family.

Column 15. Whether ever before in the United States, and if so, when and where.—The entry in column 15 should show definitely whether Yes or No in the United States before, and if so, the year or period, as 1894-97, Philadelphia.

Column 16. Whether going to join a relative, and if so, what relative or friend.—The entry in column 16 should show whether Yes or No to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 19. The answers in columns are subject to revision by any inspector, their decision on examination

It is important for statistical purposes that steamship companies always show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 10—Final destination.—The entry in column 11 should show definitely the [illegible] city or town of final destination.

Column 11—The last time they have seen their friends and final destination.—The entry in column 12 should be either Yes (or the sign) or No (or the sign).

Column 12—If having come to join some one, name such person and his relationship.—The entry in column 13 should show definitely by whom passage was paid [illegible] husband, father, brother, or other relative, friend, steamship company, etc.

Column 13—Whether in possession of $50 and if less, how much.—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 14—Whether ever before in the United States, and if so, when and where.—The entry in column 15 should show either or not. Yes or No in the United States [illegible] and if so, the year or period [illegible] years) and place: as, 1894-97, Philadelphia.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. Sex.—The entry in column 4 should be either M (male) or F (female).

Column 5. Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn as "tourists" under head of occupation.

Column 7. Able to read. Able to write.—Column 7 is subdivided and the entries therein should be either Yes Y— or Read and write, No—No can neither read nor write, or Yes No can read but [illegible]

Column 8. Nationality.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in foreign [illegible] alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully examined by inspectors and registry clerks in this regard. For instance, "France" or "Germany" on a manifest does not necessarily mean "French" in race or people, and similarly [illegible] appearing on a manifest does not necessarily mean "France" by nativity. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In the examination of the following distinctions should be specially observed:

CUBAN.

The term "Cuban," [illegible] Cuban people (not Negroes).

WEST INDIAN.

"West Indian," [illegible] natives of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN.

"Central American," [illegible] natives of Central and South America (not Spanish).

SOUTH AMERICAN.

"South American," [illegible] natives of South America (not Spanish).

SPANISH.

"Spanish," [illegible] natives of Spain (not Spanish-American).

AFRICAN (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, America, [illegible] country, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to the [illegible] of Italy south of the Basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10. Last permanent residence.—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should clearly show country of last permanent residence, independent of country of nativity, race, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11. Final destination.—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12. Whether having a ticket through to such final destination.—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13. Whether in possession of $50 and if less, how much.—The entry in column 13 should show in each case individual or family the exact amount of money shown.

Moneys brought by the head of a family should not be divided among the several members of the family.

Column 14. Whether going to join relatives in the United States and if so, where and whom.—The entry in column 14 should show whether or not (Yes or No) in the United States [illegible] and if so, the name and address of such relative or friend, and if to some other place in the United States, the name of such place.

Column 15. Whether going to join a relative or friend, and if so what relative or friend, with name and complete address.—The entries in these columns are subject to revision by any inspector [illegible] in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5 (Able to read).—Column 5 is subdivided and the entries thereon should be either Yes—Yes (can read and write) No—No (can neither read nor write), or Yes—No (can read but cannot write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a native subject.

Column 7 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse of alien manifest.

Special attention should be called to the distinction between race and nationality, and carefully observed by inspectors and registry clerks in this regard. For instance, France is a nationality, but a manifest does not necessarily mean "French" by race or people, and similarly French appearing on a manifest does not necessarily mean France. So when white, black, Germany, United Kingdom or any other country by nationality. The following distinctions should be specially observed:

[illegible] (BLACK).

The term "African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

[illegible] (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., comprising the compartments of Piedmont, Lombardy, [illegible] and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, [illegible] country, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are natives to that [illegible] section of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies should accurately show country of *last* permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, *in each final destination.*—The entry in column

Column 12 (Whether having a ticket).—The entry in column 12 should be either Yes (ticket) or No.

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, whether by himself, husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (How much money in possession).—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in United States, and if so, when and where).—The entries in column 15 should show whether or not Yes or No in the United States before, and if so, the year (or period) and place, as 1888-95, Philadelphia.

Column 16 (Whether coming to join relative or friend, and if so, what relative or friend, with name and complete address).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 19.—The answers in these columns are subject to revision by any inspection officer in the examination.

[illegible] following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to [illegible] Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to [illegible] of the West Indies other than Cuba, not Negroes.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under heading of United Kingdom or any other country by nationality. In the case of [illegible] distinction should be made [illegible]

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to a native of the West Indies other than Cuban or Negro.

CENTRAL AMERICAN.

"Central American" refers to a native people of Central and South America [illegible] countries.

(BLACK).

"African (Black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the north of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "himself," "father, brother, or other relative," "friend, steamship company, etc.

Column 14 (How much money in possession, over or under fifty dollars, how much).—The entry in column 14 should give in each case (whether over or under fifty dollars) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show either Yes or No in the United States before, and if so, the year or period when, as, 1894-97, Philadelphia.

Column 16 (Coming to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether coming to either a relative or friend, and if so, what relative or friend, with name and address.

Columns 17 to 21.—The answers to questions are subject to revision by any inspection officer in the examination

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column ... (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column ... (Sex).—The entry in column 4 should be either M (male) or F (female).

Column ... (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column ... (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "occupation" as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column ... (Able to read or write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write. No—No can neither read nor write, or Yes—No can read but cannot write.

Column ... (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column ... (Race or people).—The entry in column 9 should show the race or people as given in list on reverse ... of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" as appearing on a manifest does not necessarily mean "French" by race or people, and similarly French appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew in race ... should be properly entered as to race or people, but as to nationality, the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to ... people of the West Indies other than Cuban (not Negroes).

CENTRAL AMERICAN.

"Central American" ... the people of Central and South America ...

(BLACK).

"African (black)" refers to ... Negro, whether coming from Cuba or other islands of the West Indies, North or ... America, Europe, or Africa. Any alien whose appearance indicates an admixture ... Negro blood should be classified under this heading.

(NORTH).

The people who are native to the ... of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, ... and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria ... country, or any other country, should be classed as "Italian (north). Most of these ... speak a Gallic dialect of the Italian language.

(SOUTH).

The people who are native to ... ern part of Italy south of the basin of the River Po (i. e., compartments of Liguria, T... to Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilic... Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian ...

Column ... (Last permanent residence).—The entries in column 10 should show the country, and city or town of last ... permanent residence. It is important for statistical purposes that steamship companies ... should show country of last permanent residence independent of country of temporary ... allegiance, nationality, or race.

Aliens who are permanent residents ... the United States and are returning from a visit abroad, should be recorded on ... as United States for country of last permanent residence.

Column ... (Final destination).—The entry in column 11 should show definitely the ... city or town of final destination.

Column 12 (Whether having ... with final destination).—The entry in column 12 should be either Yes (ticket) or ... (blank).

Column ... (By whom passage paid).—The entry in column 13 should show definitely by whom passage was paid ... if husband, father, brother, or other relative, friend, steamship company, etc.

Column ... (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each ... individual or family the exact amount of money shown.

Money brought by the head ... family should not be divided among the several members of the family.

Column ... (Whether ever before in the United States, and if so, when and where). The entries in column 15 should ... either or not Yes or No, in the United States before, and if so, the year or ... years and places; as, 1894-97, Philadelphia.

Column ... (Going to join ...). ... friend, and if so, what relatives or friends ... The entries in this column should show ... going to join either a relative or friend, and if so, what relative or friend, with ... complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, boilermaker, wood turner, etc., and not simply as engineer, polisher, worker, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made when necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "In transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 6 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes (Y) or No (N). Yes—Can read and write. No—Can neither read nor write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a native or citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifest should be carefully examined by inspectors and registry clerks to see that the race or people of an alien manifested does not necessarily mean the country to which he belongs. For instance, France as a race or people, and similarly as to Italy, does not necessarily mean France or Italy as nationality. Persons appearing on a manifest does not necessarily mean [illegible]. An alien who is Irish, German, or Hebrew by race may be a subject of United Kingdom or any other country as to nationality. In connection with the following distinctions should be observed:

GERMAN.

The term German means the Cuban people, but Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

CENTRAL AMERICAN.

"Spanish-American" refers to the people of Central and South America [illegible] Brazil.

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of black blood should be classified under this heading.

Hebrew (race).

The people who are native to the valley of the River Po in northern Italy (i. e., comprising the compartments of Piedmont, Liguria, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian north." Most of these speak a Gallic dialect of the Italian language.

Italian (race).

The people who are native to that part of Italy south of the basin of the River Po (i. e., the compartments of Liguria, Tuscany, Umbria, Rome, the Abruzzi, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian south."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies require from each alien the country of last permanent residence, independent of country of temporary residence, and nationality or race.

Aliens who are permanent residents of United States and are returning from a visit abroad, should be recorded as to United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether going to join relative).—The entry in column 12 should be either Yes (Y) or No (N).

Column 13 (Relative).—The entry in column 13 should show relationship of relative to whom passage was paid, as husband, father, brother, or other relative, friend, employer, or other person.

Column 14 (If in possession of $50, and if less, how much).—The entry in column 14 should give in each case the actual possession of the individual or family the exact amount of money in their possession.

Column 15 (Whether ticket is paid for by the head of family or friend).—The entry in column 15 should be either Yes (Y) or No (N).

Column 16 (Whether in possession of ticket to final destination).—The entry in column 16 should be either Yes (Y) or No (N).

Column 17 (Whether coming under contract).—The entry in column 17 should be either Yes (Y) or No (N).

Column 18 (Whether ever in prison or almshouse).—The entry in column 18 should show whether the alien has been in prison or almshouse within one year of date of arrival at port of entry in United States.

Column 19 (Whether a polygamist).—The entry in column 19 should be either Yes (Y) or No (N).

Column 20 (Whether an anarchist).—The entry in column 20 should be either Yes (Y) or No (N).

Column 21 (Whether previously in United States, and if so, when and where).—The entry in column 21 should be either Yes (Y) or No (N). In the case of Yes (Y) the entry should show when and where.

Column 22 (Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address).

Column 23 (Ultimate destination).—The entry in column 23 should show the ultimate destination of aliens who are stopping in the United States temporarily.

I, A. Konarowitz master of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron worker, wood turner, etc., and not simply as engineer, polisher, worker, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arriving.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" unless a different occupation.

Columns 8 and 9 (Can read and write).—Column 8 is subdivided and the entries therein should be either Yes or No—Yes can read and write; No—No can neither read nor write. Yes—No can read but cannot write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list or record of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France is a country and a person born in France may be of the French race or people and of any one of several races or peoples, as Basque, Breton, French, German, Jewish, etc. An alien who is Irish, German, or Hebrew by race might properly come from any one of the following countries, viz: United Kingdom of Great Britain and Ireland, Germany, Austria-Hungary, Russia, or any other country, as to nationality. In these cases the following distinctions should be specified, viz:

CUBAN.

The term "Cuban" includes only the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, other than Negroes.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian, north." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian, south."

Columns 10 and 11 (Countries of last permanent residence).—The entries in column 10 should show the country, and only or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, citizenship, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded only as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

[redacted]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom passage paid).—The entry in column 13 should show the name of relative, friend, husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether going to join a relative, and if so, what relative and where).—In the case of aliens coming to the United States, and if so, what relative or friend and where.

Column 16 (Whether ever in the United States before, and if so, when and where).—The entry in column 16 should show whether or not (Yes or No) in the United States before, the year and place, as 1894, Philadelphia.

Column 17 (Whether going to join a relative or friend, and if so, what relative or friend and where).—The entry in column 17 should show whether going to join either a relative or friend, and if so, what relative or friend, and the name and complete address.

The above instructions are subject to revision to any [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widow), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on their manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "in transit," those coming only for a temporary sojourn in the United States, but with intending to pass through in transit, should be classed as "tourists" under head of "no occupation."

Column 7 (Can read? Can write?).—Column 7 is subdivided and the entries therein should be either Yes (Y) or No (N) in each case, Yes (Y) or No (N) to mean neither read nor write, or Yes (Y) No (N) can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in List or Manifest of alien manifest.

Special attention is called to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks at the ports. For instance, English or Scotch as a nationality does not necessarily mean English as a race or people, and similarly Irish as a nationality does not necessarily mean Celtic as a race. From appearing on a manifest does not necessarily mean French as a race. As also a person born in Germany, Russia, or Hungary may be entitled to naturalization papers, etc., and not simply as German or Hungarian, etc., the following instructions should be carefully observed:

JEW.

The term "Jew" should not be used to mean people not Negroes.

WEST INDIAN.

"West Indian" refers to the people born in the West Indies other than the pure Negro.

AFRICAN (BLACK).

"African (black)" refers to the native Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., the compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian north." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzes and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian south."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should accurately show country of last permanent residence independently of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town, of final destination.

[redacted]

Column 12 (Whether going to join relatives and what relatives; and whether has a ticket to such final destination).—The entry in column 12 should be either Yes (Y) or No (N).

Column 13 (Whether in possession of money, and how much; whether has been in the United States before; whether going to join a husband, father, brother, or other relative; name and address of such relative, and his relationship, if any; whether going to a friend, and if so, what friend, how long known, and his full address).—The entry in column 13 should show, by Yes (Y) or No (N), whether the alien has or has not in his possession at the time of landing the sum of money which he is required by law to have in his possession, and should show, as nearly as possible, the amount of money which he has in his possession. Whether he has been in the United States before, and if so, when and where. Whether he has a ticket through to his final destination. The entry in column 13 should also show whether he has a father or both Yes or No in the United States, and should show, as nearly as possible, the name and address of such relative, and if no friend or relative, the name and address of the friend to whose house he is going, and how long known to the alien. The entry should also show whether the alien is going to join a husband, father, brother, or other relative in the United States, and if so, what relative, and his full address, and his relationship to the alien.

Caution in Alien

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1.—Age.—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2.—Sex.—The entry in column 2 should be either M (male) or F (female).

Column 3.—Married or single.—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4.—Calling or occupation.—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," the meaning only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," "students," etc., as the case may be.

Columns 5 and 6. *Can read? Can write?*—Column 5 is subdivided and the entries therein should be either Yes (Y) or No (N), as the alien can read and write. No—Norman neither read nor write. Yes—Norman can read and can write.

Column 7. *Country of which citizen or subject.*—Column 7 should be construed to mean the country of which immigrant is a citizen or subject.

Column 8. *Race or people.*—The entry in column 8 should show the race or people to which each alien belongs, as given in the list of races or peoples on page [illegible] of this circular. Special attention is directed to the distinction between race and nationality, and manifests should be prepared in accordance therewith. Inspectors and registry clerks in this regard. For instance, France is a nationality, and a manifest does not necessarily mean French, the race or people and similarly as to Ireland, French appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race or people may be a native of the United Kingdom or any other country, and his nationality, in such cases, the following distinctions should be specially observed:

AFRICAN (BLACK).

The term "African (Black)" refers to the African people, not Negroes.

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuba and Negroes.

CENTRAL AMERICAN.

Central American refers to people of Central and South America, other than Negroes.

AFRICAN (BLACK).

"African (Black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ARMENIAN.

The people who are native to the Armenian Peninsula.

BOHEMIAN.

The people who are native to the Province of Bohemia, Austria.

BOSNIAN.

The people who are native to the Province of Bosnia, Austria.

The people who are native to the German Empire.

GREEK.

The people who are native to Greece.

HEBREW.

The people who are native to Palestine, Asia, and their descendants, whether residing in Asia, Europe, or America, or any other country, should be classed as "Hebrew."

HERZEGOVINIAN.

The people who are native to the Province of Herzegovina, Austria.

IRISH.

The people who are native to Ireland, as distinguished from Scotch and Welsh.

ITALIAN (NORTH).

The people who are native to the Provinces of Italy north of the basin of the River Po (i. e., compartments of Piedmont, Lombardy, Venetia, Liguria, Tuscany, Emilia and their descendants, whether residing in Italy, Switzerland, Austria, France, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the Provinces of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Emilia, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should not be classed as Italian (south).

Column 9. Last permanent residence.—The entries in column 9 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as from the United States for country of last permanent residence.

Column 10. Final destination.—The entry in column 10 should show definitely the place in the state or country of final destination.

Column 16. Whether coming to join a relative or friend, and if so what relative or friend.—The entry in column 16 should show whether coming to join either a relative or friend, and if so what relative or friend, with full address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, statistician, farmer, mechanical engineer, mining engineer, brass polisher, steel polisher, iron polisher, wood turner, clerk, and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money each possesses.

A farmer is one of superior means, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries thereon should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but can not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is citizen or native subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse hereof of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance: France—speaking on a manifest does not necessarily mean "French" by race or people and similarly French appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German or Hebrew by race may be a native or citizen of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" designates the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

CENTRAL OR SOUTH AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

AFRICAN (BLACK).

"African (Black)" refers to the native Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy north of the basin of the River Po in northern Italy (i. e., comprising the provinces formerly known as Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., comprising the provinces of Lucania Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (South)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last or present residence. It is important for statistical purposes that steamship companies correctly show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (If either having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom each alien was paid for, whether himself, parents, relatives, friend, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not Yes or No in the United States before; and if so, the last or previous visit, if years and place, as 1894, St. Philadelphia.

Column 16 (Coming to join relative or friend, and if so what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend and if so what relative or friend, with name and complete address.

Column 17.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or **months, the latter applying only to those under 1 year of age.**

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in lists on reverse side of alien manifest.

Special attention should be directed to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German or Hebrew in race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

Spanish-American refers to the people of Central and South America of Spanish [illegible]

NEGRO (BLACK).

"African (Black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these [illegible] Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination [illegible]

Column 12 (Whether having a ticket through to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place; as, 1894, 97, Philadelphia.

Column 16 (Going to join relative or friend, and if so, what relative or friend, and his complete address).—The entry in this column should show whether or not going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column [illegible].—The answers in these columns are subject to revision by any inspection officer in the examination [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter appearing only for those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, sanitary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupations "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and write. No—No can neither read nor write. Yes No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France as appearing on a manifest does not necessarily mean French, by race or people, and similarly French, appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come in under the heading of United Kingdom, or any other country, by nationality. In this connection the following distinctions should be especially observed:

CUBAN

The term Cuban refers to the Cuban people—not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba—not Negroes.

SPANISH-AMERICAN

"Spanish American" refers to the people of Central and South America, of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the natives of Africa, south of the Sahara or Sahara Soudan, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of African (black) blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the northern part of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticked) or No (not ticked).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid as "self," "husband, father, brother, or other relative; friend" or "steamship company, etc."

Column 14 (How much money alien has in his possession).—The entry in column 14 should give in each case the individual or family the exact amount of money shown.

Money brought on the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show whether or not Yes or No in the United States before, and how the year (or period of years) and place, as 1894-97, Philadelphia.

Column 16 (Whether going to join a relative and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

The answers in these columns are subject to revision by any inspector during the examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. Age.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. Sex.—The entry in column 4 should be either M (male) or F (female).

Column 5. Married or single.—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, cabinetmaker, machinist, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arriving.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 7. Able to read and write.—Column 7 is subdivided and the entries therein should be either Yes or No. Persons can read and write. No—No. can neither read nor write. Yes—No. can read but can not write.

Column 8. Nationality.—Column 8 should be construed to mean the country of which immigrant is a native or citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, as manifests show, for example, revised by inspectors and registry clerks in this regard. For instance, France [illegible] on a manifest does not necessarily mean French, as race or people, and one [illegible] French, appearing on a manifest does not necessarily mean France [illegible] Arcadian, who is Irish, German, or Jewish as to race or people, and one [illegible] heading of United Kingdom or any other country to nationality. In [illegible] the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ARMENIAN (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible] Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ARMENIAN (SOUTH).

The people who are native to this portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10. Last permanent residence.—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies should only show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to United States for country of last permanent residence.

Column 11. Final destination.—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12. Whether having a ticket through.—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13. If any relative in the United States, and if so, what relative and whether such alien has ever been there before, and if so, when and where.—The entry in column 13 should show whether [illegible] husband, father, brother, or other relative, friend, steamship company, etc.

Column 14. Whether in possession of $50 and if less than $50, how much.—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family, or by a father, should not be divided among the several members of the family.

Column 15. Whether ever before in the United States and if so, when and where.—The entry in column 15 should show whether such alien has been in the United States or not. (Yes or No in the United States before, and if so, the year of [illegible] as, 1903, Philadelphia.

Column 16. Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address.—The entry in column 16 should show whether such alien is going to join either a relative or friend, and, if so, what relative or friend, with [illegible] complete address.

[illegible] columns are stripped to prevent [illegible] inspection sheet in the examination [illegible]

Column 3. Married or single. The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4. Calling or occupation. The entry in column 6 should describe as nearly as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron worker, wood turner, etc., and not simply as engineer, polisher, worker, turner, or other indefinite designations.

A distinction is made between *farmers* and *farm laborers* regardless of the amount of money they have, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies will be required to make this distinction on the manifests, and corrections, if made by inspectors and registry clerks during the period of the enactment of [illegible].

Aliens intending to pass through and out of the United States should be recorded under head of exempt. Those coming only in a temporary manner intending to pass through in transit, should be recorded as [illegible].

Column 7. Nationality. Nationality is established and the entry in column 7 should be made as follows: Write No. 1 if you are a citizen of the United States; write No. 2 if you are neither a citizen nor subject of the country to which you owe allegiance.

Column 8 should be construed to mean the country of which each alien is a subject or citizen.

Column 9. Race or people. The purpose of this column is to indicate the racial stock to which each alien belongs. Special attention is directed to the necessity for a correct and full entry in this column, as the value of the record for statistical purposes depends largely upon the correctness with which this column is filled. Persons coming from the British Provinces of North America should be returned as to race or people in accordance with the classification adopted by the census officials of those Provinces. Persons coming from Mexico should be returned as Spanish, Spanish-American, Indian, Negro, or Mixed, as the case may be. Persons coming from Central or South America should be returned as Spanish-American, Indian, Negro, or Mixed, as the case may be. Persons coming from the West Indies should be returned as to race or people in accordance with the following classification, which is based upon the grouping adopted by the census officials of the United States, Cuba, and Porto Rico:

[illegible]

West Indian. All persons born in the West Indies except Cuba and Porto Rico, not specifically returned as Negro, Mulatto, Spanish, or Spanish-American.

[illegible]

Natives of the West Indies, Northern and Southern America, Europe, or Africa of African descent, whose appearance indicates an admixture of Negro blood, should be classified under this heading.

BOHEMIAN (SOUTH).

The people who are native-born inhabitants of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible] and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be returned as Italian (north). Most of these speak a Gallic dialect of the Italian language.

Column 10. *Last permanent residence.* The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that every ship company should furnish information showing country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Column 11. *Final destination.* The entry in column 11 should show definitely the place (city or town) of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. The return of age in column 4 should be expressed in years or months, the latter appearing only for those under 1 year of age.

Column 2. The entry in column 5 should be either M male or F female.

Column 3. Married or single. The entry in column 5 should be either M married, S single, Wd widowed, or D divorced.

Column 4. Occupation. The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, mining engineer, locomotive engineer, building engineer, stean fitter or steel polisher, mechanic or wood turner, etc., and not simply as engineer, polisher, mechanic, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money each may have, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steps ... should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "In transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," whatever their occupation.

Column 7. Last permanent residence. Column 7 is subdivided and the entries therein should be such as Yes or No, as the case may be, as to whether such alien can read and write. Yes. No. Not any other words.

Column 8. Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address. Column 8 should be construed to mean the name of the relative or friend to whom such alien is going, and not merely the name of the town or city in which immigrant expects to find such relative or friend.

Column 9. Final destination. The entry in column 9 should show the name of the State or Territory in which such alien intends to make his permanent home, and not merely the name of the town or city to which immigrant expects to go.

Special attention is called to the distinction between race and nationality, and numerous errors, discovered by inspectors and registry clerks, have occurred in the entries under this head. Primary regard is to be had to the race of the immigrant, and not to the country to which he may have recently come, or from which he may have sailed. For example, a native of Scotland, or Ireland, or Wales, or England, sailing from Liverpool, should be described as a Scotch, or Irish, or Welsh, or English man, and not as a British subject, unless he is in fact a native of Great Britain, as distinguished from Ireland. So, also, natives of Germany, Austria, Hungary, Switzerland, Belgium, Holland, Denmark, Norway, Sweden, Russia, Spain, Portugal, Italy, Greece, Turkey, Mexico, Central and South America, Cuba, West Indies, China, Japan, India, Egypt, Africa, Australia, and all countries other than the United States, should be described as to race and not as to country.

[illegible] Negro, whether coming from Cuba or other islands of the West Indies, North America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

[illegible] the River Po in northern Italy [illegible] and Emelia and their descendants, whether residents of Italy, Switzerland, Austria-Hungary, or any other country, should be classed as Italian, north. Most of these speak a Gallic dialect of the Italian language.

[illegible] of Italy south of the basin of the River Po, [illegible] the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants should be classed as Italian, south.

Column 10. Race or people. The entries in column 10 should show the race or people to which each alien belongs, whether such race or people be known as a nation or not, as for example, Bohemian, Moravian, Slovak, Polish, Croatian, Dalmatian, Servian, Bulgarian, Montenegrin, Roumanian, Russian, Ruthenian (Russniak), Finnish, Scandinavian (Norwegians, Danes, and Swedes), Scotch, French, German, Slovenian, Spanish, Hebrew, Spanish-American, Irish, Syrian, Turkish, Welsh, West Indian.

Instead of showing occupation of persons under 16 years of age, state in column 6 whether "at school" or "at home." Under "Nationality" write the name of the country to which aliens belong, as the United States consul would write it. Under "Race or People" write such words as Hebrew, Italian, Spanish, Negro, Polish, German, French, English, Irish, Scotch, Welsh, Dutch, Swedish, Norwegian, Russian, Finnish, Magyar, Bohemian, Slovak, Croatian, Servian, Bulgarian, Roumanian, Portuguese, Japanese, Chinese, Turkish, Armenian, East Indian, Mexican, West Indian, Cuban, Porto Rican, South American, Negro, Indian, Ethiopian, Australian, New Zealander, or other designation. List of races will be found on back of this sheet.

I, A Harrisonwh, master * of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1.—The return of ages in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2.—The entry in column 5 should be either M (male) or F (female).

Column 3.—Read "Married or single." The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4.—Read "Occupation." The entry in column 6 should describe as nearly as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, chemist, mining engineer, locomotive engineer, mining engineer, brass polisher, wheelwright, cabinet maker, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A *farmer* means one who operates a farm, either for himself or others.

A *farm laborer* means one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examinations of aliens arriving.

Aliens intending to pass through and out of the United States should be recorded under heading "In transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "Tourists," under head of occupation.

Column 7.—Read "Nationality." Column 7 is subdivided and the entries therein should be either Yes or No, as read and write. Yes. No. Not can neither read nor write. Or Yes. No. Not can neither speak.

Column 8.—Read "Native language." Column 8 should be construed to mean the country of which immediate last previous allegiance was owed.

Column 9.—Read "Race or people." The entry in column 9 should show the race or people, as "Negro," "Hebrew," "German," "Irish," "Scotch," etc.

Special attention is called to the distinction between race and nationality and manifests should be carefully examined by inspectors and registry clerks in this regard. For instance, [illegible] appearing on a manifest does not mean Irish, but may mean Irish, English, Scotch, Welsh, or Canadian, if born in those countries, but if born in the United States it means Irish-American, and so on. Where the birthplace is not known, the race or people should be entered as "unknown."

Further instructions should be specially observed as follows:

"Negro."

The term "Negro" includes "Black" and "African (black)" people, not Negroes.

"West Indian."

"West Indian" includes all people from the West Indies other than Cuban and Negro.

"Central American."

"Central American" includes people of Central and South America of Spanish origin.

"Black."

"African (black)" refers to an Negro, whether coming from Cuba or other islands of the West Indies, North America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

"Hebrew" (South).

The people who are native to the valleys of the River Po in northern Italy, i.e., compartments of Piedmont, Lombardy, Venetia, Emilia and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

"Italian (South)."

The people who are native to that portion of Italy south of the basin of the River Po, i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzo and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Column 10.—Last permanent residence.—The entries in column 10 should show the country, and only so, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country to which allegiance is owed, nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be considered as to country of last permanent residence in the United States for country of last permanent residence.

Column 11.—Final destination.—The entry in column 11 should show definitely the place (city or town) of final destination. Do not refer to state.

Column 12.—Alien inspected at (and final destination).—The entry in column 12 should be either Yes or No.

Column 13.—Alien joining relative (name and address).—The entry in column 13 should show definitely by whom passage was paid, and the name and complete address of such relative. Whether husband, father, brother, or other relative, or friend, should be stated.

Column 14.—Have you $50 in cash? Have you a ticket through? If not, how much money have you and who gave it to you?—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15.—Have you ever been in the United States? If so, when and where?—The entry in column 15 should show whether or not the alien has ever been in the United States, and if so, when and where.

Column 16.—Have you a relative or friend in the country to which you are going? If so, what relative or friend, and what is his address?—The entry in column 16 should show whether the alien has a relative or friend in the country to which he is going, and if so, what relative or friend, and what is the complete address.

Column 17.—Are you a polygamist?—The answers in column 17 are subject to inquiry by any inspection officer in the examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifest should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people—not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba—not Negroes.

CENTRO-AMERICAN

"Centro-American" refers to the people of Central and South America of Spanish [illegible]

[illegible] (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of black blood should be classified under this heading.

[illegible] (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Argentina, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to the [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Umbria, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (*Last permanent residence—Country, and city or town*).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as returning to the United States for country of last permanent residence.

Column 11 (*Final destination*).—The entry in column 11 should show definitely the place (city or town) of final destination.

[illegible] (*another having a final destination*).—The entry in column [illegible] should be either Yes (ticket) or No (ticket).

[illegible] (*By whom was passage paid*).—The entry in column 13 should show definitely by whom passage was paid, as husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (*How much money in own possession—Whether in excess of $30, and if less, how much*).—The entry in column 14 should show the exact amount of money individual or family has in own possession, and if less than $30 the exact amount of money shown.

Money belonging to the head of a family should not be divided among the several members of the family.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Columns 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew to-day might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

[illegible] (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or [illegible] America, Europe, or Africa. Any alien whose appearance indicates an admixture [illegible] blood should be classified under this heading.

[illegible] (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Ve[illegible] and Emelia) and their descendants, whether residing in Italy, Switzerland, A[illegible]ntry, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to the [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tus[illegible] the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, [illegible], Sicily, and Sardinia) and their descendants should be classed as "Italian (so[illegible]."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies and [illegible] show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as "United States" for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination [illegible] to which

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as [illegible]band, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should give in each case [illegible]al or family) the exact amount of money shown.

Money brought by the head of a [illegible] should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States and if so, when and where).—[illegible] should show either Yes or No: Yes or No in the United States [illegible] the year (or period) [illegible] and place, as, 1894 97, Philadelphia.

Column 16 (Whether going to join relative or friend, and if so, what relative or friend).—The [illegible] should show who [illegible] to join either a relative or friend, and if [illegible] friend, with name and complete address.

The answers in [illegible] columns are subject to revision by any [illegible] examination [illegible]

Column 5, Married or single.—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance: "France" appearing on a manifest does not necessarily mean "French" in race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew in race or people, may be a native of France, and an alien who is French in race or people may be a native of Ireland, Germany, or Russia, and in nationality should be recorded accordingly. Persons of these races or peoples, who are natives of the United Kingdom, Germany, Russia, or France, respectively, should be recorded as natives of those countries, and persons of these races or peoples, who are natives of countries other than the United Kingdom, Germany, Russia, or France, respectively, should be recorded as natives of the countries in which they were born.

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

(SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Germany, or any other country, should be classed as "Italian (north)." INSTRUCTIONS FOR FILLING ALIEN M[illegible]ESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to people of Central and South America of Spanish [illegible]

"African (black)" refers to t[illegible] islands of the West Indies, North [illegible] appearance indicates an admixtur[illegible] heading.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write). or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country, by nationality; in this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America (not Negroes).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

The people who are native to the ... (NORTH).

The people who are native to the ... of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Australia, Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

The people who are native to the ... (SOUTH).

The people who are native to ... of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on ... as to United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination ... as to ... (such final destination).—The entry in column 12 should be either Yes (ticket) or ... (ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, whether by himself, husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of ... and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column ... (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States ... and if so, the year or period and place, as 1894-97, Philadelphia.

Column ... (Going to join relative or friend; and if so, what relative or friend).—The entry in column ... should show whether going to join either a relative or friend, and if so, what relative or friend, with full address.

... columns are subject to revision by any inspection officer in the examination ...

Cards by R. Ehrmann

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 [Age].—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 [Sex].—The entry in column 5 should be either M (male) or F (female).

Column 6 [Married or single].—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 [Calling or occupation].—The entry in column 7 should describe, as correctly as possible, the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass moulder, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

Farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and the entries should be made in accordance by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "In transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of "Occupation."

Column 8 [Able to read and write].—Column 8 is subdivided and the entries therein should be either Yes (Y) or No (N), as to read and write. Yes (Y) means can read or write. No (N) means can read but not write.

Column 9 [Native country].—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 [Race or people].—The entry in column 10 should show the race or people as described on records of which manifest.

No general alphabetical scheme is said to be distinctive as between race and nationality, as manifests should be carefully revised by inspectors and registry clerks in the case of doubtful entries. For instance, France might appear on a manifest as the native country of persons of the Latin race or people and simply "French" appearing on a manifest would not indicate whether the person was a native of France, a Canadian who is Irish, German, or Hebrew, or a native of Switzerland speaking the French language. In case of persons coming from countries not specifically mentioned in the following table, the race or people should be stated, as Bohemian, Moravian, Finnish, Dalmatian, Croatian, Servian, Carniolan, Lithuanian, Polish, Russian, Bulgarian, Roumanian, Greek, Turkish, Armenian, Syrian, Arabian, Persian, Hindoo, Chinese, Japanese, Korean, Hawaiian, Indian (native), Mexican (native), West Indian, Pacific Islander (native), Scotch, Welsh, English, Irish, Dutch, Flemish, German, French, Spanish, Portuguese, Italian (North), Italian (South), Swiss, Norwegian, Danish, Swedish, Finnish, Russian, Hebrew, Magyar, Bohemian, Moravian, Slovak, Polish, Ruthenian (Russniak), Croatian, Dalmatian, Bosnian, Herzegovinian, Montenegrin, Servian, Carniolan, Roumanian, Albanian, Greek, Turkish, Syrian, Armenian, Arabian, Persian, Hindoo, Chinese, Japanese, Korean, Mexican (native), West Indian, Pacific Islander (native), Hawaiian, Indian (native).

AFRO (BLACK).

African (black) refers to the Afro Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALY (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., comprehending the ancient Lombardy, Venetia and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALY (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., comprehending ancient Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 [Last permanent residence].—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence [illegible] country of temporary sojourn, nationality, or race.

[illegible] the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 12 [Final destination].—The entry in column 11 should show definitely the place to which immediate final destination [illegible] ordinarily adjacent and terminating by [illegible] such final destination.—The entry in column [illegible] ticket or [illegible] ticket.

[illegible]. The entry in column 13 should show [illegible] paid, as by husband, father, brother, or other relative [illegible] ship, and if less, how much.—The entry in [illegible] individual or family the exact amounts of money [illegible] ily should not be divided among the several [illegible] United States, and if so, where and to [illegible] ther or not. Yes or No in the United States [illegible] and how much. Not to [illegible].

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter appearing only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean French by race or people and similarly French appearing on a manifest does not necessarily mean France its nationality. An alien who is Irish, German, or Hebrew in race might properly come under the heading of United Kingdom [illegible] or some country or nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term Cuban refers to the Cuban people—not Negroes.

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuban—not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

"African (black)" refers to the [illegible] islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

The people who are native to the [illegible] partments of Piedmont, Lombardy, [illegible] residing in Italy, Switzerland, Austria, [illegible] as "Italian (north)." Most of these [illegible]

The people who are native to the [illegible] (i. e., compartments of Liguria, Tuscany, [illegible] Molise, Campania, Apulia, Basilicata, [illegible] ants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should [illegible] independent of country of temporary sojourn.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 10 (Final permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on the lists as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 6 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and writes. No—No can neither read nor write. Yes, No can read but can not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list or review, and not on manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be examined, revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" means native Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN

"Central American" refers to the people of Central and South America, not Negroes.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, America, Europe, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded opposite the name of the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12 (Whether having a ticket through [illegible] to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as husband, father, brother, or other relative; if by a friend, steamship company, etc.

Column 14 (Whether in possession of $50 and if not, how much).—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family should be checked among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year or period and place, as, [illegible] Philadelphia.

Column 16 (Whether going to join relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, the name and complete address.

Entries in these columns are subject to revision by any inspection officer at the examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or **months**, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), **S (single)**, **Wd** (widowed), or **D** (divorced).

Column 6 (Calling or occupation).—**The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of the alien on arrival, as for example:** Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the [illegible] River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible] Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, [illegible], Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies see that [illegible] show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[illegible]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No (not).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "self," "husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (to the head or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether yes or no (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1896-97, Philadelphia.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which an immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and probably "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on the manifest as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (If not, by whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as, for instance, self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in United States: and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Whether going to join relative or friend: and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so what relative or friend, with name and complete address.

Column 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

†Give the race or people to which each alien belongs (as Anglo-Saxon, Celtic, Italian, Negro, Hebrew, Polish, Spanish-American, Slavonian, Teutonic, East Indian, Mexican, Finnish, or other designation), as the race or people may determine his position in life rather than the country to which he may now owe allegiance or of which he may be a citizen. Thus, a native of Scotland of the Celtic race should be described as a Celt, not as an Englishman, Scotchman, or Britisher; a native of Germany of the Hebrew race should be described as a Hebrew, not as a German; a native of Ireland of the Celtic race should be described as a Celt, not as an Irishman; a native of Bohemia of the Bohemian race should be described as a Bohemian, not as an Austrian; a native of Cuba of the Spanish race should be described as a Spaniard, not as a Cuban; a native of Mexico of the Indian race should be described as a Mexican Indian, not as a Mexican; a native of Turkey in Asia of the Armenian race should be described as an Armenian, not as a Turk; a native of India of the Hindu race should be described as a Hindu, not as a native of Hindustan; a native of Canada of the French race should be described as a French Canadian, not as a Canadian; a native of Wales of the Welsh race should be described as a Welshman, not as an Englishman; a native of Finland of the Finnish race should be described as a Finn, not as a Russian; a native of Iceland of the Scandinavian race should be described as a Scandinavian, not as a Danish subject; a native of Scotland of the Celtic race should be described as a Celt, not as a Scotchman

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm—either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in last on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes, Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in distinct reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish [illegible] (not Negroes).

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifest as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city, or town of final destination.

[redacted]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "self," "father," "husband, father, brother, or other relative," friend, steamship company, etc.

Columns 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (by individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1904, Philadelphia.

Columns 16 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend with address or complete address.

Columns 17 to 29.—The answers to these columns are subject to revision by any inspection officer in the service.

INSTRUCTIONS FOR FILLING ALIEN MA[illegible]FESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race cannot properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Ind[illegible], whether than Cuba (not Negroes).

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of Spanish de[illegible]

The people who are native to the[illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible], and Emilia) and their descendants, whether residing in Italy, Switzerland, Austr[illegible] gary, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gallic dialect of the Italian language.

The people who are native to th[illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, To[illegible] he Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicat[illegible] ria, Sicily, and Sardinia) and their descendants should be classed as "Italian [illegible]

Aliens who are permanent resi[illegible] he United States and are returning from a visit abroad, should be recorded [illegible] as United States for country of last perma[illegible] nent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destin[illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes or No. Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardia, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 8 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies should correctly show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 13 (If going to join relative or friend, name such relative or friend and final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 13 should be either Yes or No, and if Yes, the amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or years), cities, and places, as 1904-07, Philadelphia.

Column 16 (Going to join relative, name and if so what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 29.—The answers to these columns are subject to revision by any inspector officer in the examining party.

The people who are native to the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Emilia) and their descendants, whether residing in Italy, Switzerland, America, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

The people who are native to Italy south of the basin of the River Po (i. e., compartments of Liguria, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

INSTRUCTIONS FOR FILLING ALIEN M ESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 6 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes (or can read and write), No (or can neither read nor write), or Yes, No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in first or second page of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien, on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 8 (able to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes, can read and write; No—No, can neither read nor write; or Yes—No, can read but not write.

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Russian" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wi. (widowed), or D. (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (can read; can write).—Column 7 is subdivided and the entries therein should be either Yes or No, Yes (can read and write), No—No (can neither read nor write), or Yes, No (can read but not write).

Column 9 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

(BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

(NORTH).

The people who are native to that part of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, America, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

(SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies and inspectors show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on same line, and show United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 13 (If having a final destination).—The entry in column 12 should be either Yes (ticket) or No.

Column 14 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, whether himself, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15 (Whether in possession, and if less, how much).—The entry in column 14 should give in each case (personal or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show (yes or no) (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1903, Philadelphia.

Column 17 (Intending to join relatives; and if so, what relative or friend).—The entry in column 16 should show whether (Yes or No) the alien intends to join either a relative or friend; and if so what relative or friend, with name and complete address.

Columns 18 to 28.—The answers to questions in columns are subject to revision by any inspection officer in the examination

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 7 (Age).—The return of age in column 8 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 8 (Sex).—The entry in column 8 should be either M (male) or F (female).

Column 9 (Married or single).—The entry in column 9 should be either M (married), S (single), W (widowed), or D (divorced).

Column 10 (Calling or occupation).—The entry in column 10 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, sanitary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works in a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass thru en transit, should be classed as "tourists" under head of occupation.

Column 11 (Able to read and write).—Column 11 is subdivided and the entries therein should be either Yes or No. Yes, if can read and write; No, if can neither read nor write; Yes, No, if can read but not write).

Column 12 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 13 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In the connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

[illegible]

AFRICAN (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardi, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 20 (Last permanent residence).—The entries in column 20 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that steamship companies shall accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as [illegible] United States for country of last permanent residence.

Column 21 (Final destination). [illegible] entry in column 21 should show definitely the place (city or town) of final destination.

[illegible] entry in column 14 should be either Yes (ticket) or [illegible].

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as "self," "husband, father, brother, or other relative;" friend," "steamship company, etc.

Column 16 (How much money in possession, if any, and if sea, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States, and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before, and if so, the year (or period) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 18 should show whether going to join relative or friend; and if so, what relative or friend, with name and complete address.

Columns 12 to 18.—The answers in these columns are subject to revision by any inspection officer in the examination of [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 1 and 2. The returns in columns 1 and 2 should be entered so that the names of males and females, the latter appearing immediately below those under 1 year of age.

Column 3. The entry in column 3 should be either M (married) or S (single). W (widowed) or D (divorced).

Column 4. The entry in column 4 should be as full and complete as possible, the occupation of each person being stated as that which he intends to follow in the country to which he goes, and not that followed in the country from which he comes. Such occupations as "laborer," "servant," "gentleman," "lady," "boy," "girl," "child," and the like, are indefinite and unsatisfactory, and should not be used.

A distinction should be made between farmers and farm laborers, and between professional men and persons of no occupation.

A farmer is one who owns a farm, either for himself or others.

A farm laborer is one who works on a farm for the most wages obtainable.

Steamship companies should make this distinction in the manifests which they furnish, and the immigrant should be questioned by inspectors and passed upon accordingly. Many immigrants who claim to be farmers are in reality farm laborers, and vice versa.

Aliens coming in sailing vessels through and not at the ports of the United States, or coming in vessels not specially engaged in transporting passengers, should be entered as "sailors."

Aliens coming in sailing vessels or steamers for the purpose of following the sea should be entered as "seamen."

Column 5. Nationality.—Citizens of countries should be described according to the country to which they severally belong, as Germans, Englishmen (or subjects of Great Britain), Irishmen, Scotchmen, Frenchmen, Italians, Swedes, Norwegians, Russians, Finns, Turks, Armenians, Greeks, Portuguese, Spaniards, Chinese, Japanese, Hindus, Mexicans, Canadians, and so forth. Do not use the word "American" in describing the nationality of persons born in the United States who are citizens of the United States and are returning from a temporary residence abroad. Write "United States" in such cases.

Column 6. Race or people.—Under this head the race or people to which each alien belongs should be carefully noted, as Anglo-Saxon, Negro, Irish, English, Scotch, German, French, Spanish, Italian (North), Italian (South), Dutch, Flemish, Hebrew, Bohemian, Moravian, Slovak, Polish, Russian, Finnish, Magyar, Croatian, Servian, Ruthenian, Bulgarian, Montenegrin, Roumanian, Greek, Turkish, Armenian, Syrian, Japanese, Chinese, Hindu, Mexican, West Indian, Cuban, Porto Rican, Pacific Islander, East Indian, Scandinavian (Norwegians, Danes, and Swedes), Dalmatian, Bosnian, Herzegovinian, Lithuanian, Slovenian, Ruthenian (Russniak), Moravian, Spanish-American, Portuguese, Korean, Magyar, Mexican, Montenegrin, Roumanian, Russian, Scandinavian (Norwegians, Danes, and Swedes), Scotch, Servian, Slovak, Slovenian, Spanish, Spanish-American, Syrian, Turkish, Welsh, West Indian.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, Northern or Southern America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this caption.

ARMENIAN.

The people who are native to the valley of the River Po in northern Italy (i. e., comprising the provinces of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether living in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the peninsula of Italy south of the basin of the River Po, including the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Basilicata, Calabria, Sicily, and Sardinia and their descendants, whether living in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (South)." The Neapolitans and Sicilians are the most numerous representatives of this race.

Column 7. Last permanent residence.—The entries in column 7 should show the country of last permanent residence. It is important for statistical purposes that these entries should show correctly and completely the country of last permanent residence, and not merely the country of temporary sojourn, nationality, or race.

A person who has resided for one year in the United States and is returning from a temporary visit abroad should be entered as from the United States for country of last permanent residence.

Column 8. Destination.—The entry in column 8 should show definitely the [illegible] of final destination.

Column 9. Whether having a ticket through and if not how much money he has.—The entry in column 9 should be "Yes" or "No."

Column 10. Whether in possession of $50 and if less how much.—The entry in column 10 should be as in each case. No entry in column 10 should show less than $50 unless the immigrant can show that he has friends willing to assist him, and has the means of doing so, or unless he is going to a relative, such as husband, father, brother, or other relative, who has sufficient means to support him, etc.

Column 11. Whether in possession of $50 and if less, how much.—The entry in column 11 should be as in column 10.

Column 12. Money brought by the head of family should not be limited among the several members of the family.

Column 13. Whether ever before in the United States and if so, when and where.—The entry in column 13 should show whether or not. Yes or No in the United States before, and if so, the year or period, as 1894-96, Philadelphia.

Column 14. Coming to join relative or friend.—The entry in column 14 should show whether going to join either a relative or friend, and if so what relative or friend, with name and complete address.

Columns 15 to 29. The answers in these columns are subject to revision by any inspection officer in the examination [illegible]

INSTRUCTIONS FOR FILLING ALIEN M... FESTS.

Column ... ages.—The return of ... in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column ... Sex.—The entry in column 4 should be either M (male) or F (female).

Column ... Married or single.—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column ... Calling or occupation.—The entry in column 6 should state as accurately as possible the occupation, trade, or profession of each alien over 14 years of age. Such terms as "laborer," "servant," "engineer," "clerk," "gentleman," "lady," "manufacturer," "capitalist," "contractor," "dressmaker," "milliner," "seamstress," "tailor," "tailoress," "shoemaker," "boy," "girl," "child," "infant," and the like are not sufficiently descriptive. Examples: Civil engineer, stationary; farmer; locomotive engineer; mining engineer; glass polisher; sheet-iron worker; stone mason; cotton spinner; and not simply engineer, polisher, molder, turner, or weaver, and blacksmith, seamstress.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount or manner shown as "means."

A farmer owns or operates a farm, either for himself or others.

A farm laborer works on a farm for those who operate it.

Seamstress, tailoress, and milliner do not indicate the distinction in the materials and ... should be used ... necessary by ... persons and registry clerks during the ... examination ...

Alien ... who pass through, and out of the United States should be recorded under the ... contrary. Those coming only for a temporary visit in the United States or not intending to pass through it should be passed as ... the ... examination.

Column ... Can read and write.—Column 7 is self-explanatory as to the entries therein should be either Yes or No. Yes ... can read and write. No ... cannot read and write. Yes ... can read but not write.

Column ... Nationality.—Column 8 should be construed to mean the country of which ... claims ... subject.

Column ... Race or people.—The entry in column 9 should show the race or people as given in list of races or peoples immediately following.

Special attention should be paid to a discrimination between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Finnish appearing on a manifest does not necessarily mean "French" in race or people and similarly, French appearing on a manifest does not necessarily mean "France" as nationality. A person who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

"African (black)" refers to the ... islands of the West Indies. North of ... appearance indicates an admixture ... heading.

The people who are native to the ... partitions of Piedmont, Lombardy, ... residing in Italy, Switzerland, Austria ... as "Italian, north." Most of these ...

The people who are native to the ... compartments of Liguria, Tuscany, ... Marches, Umbria, Rome, the Abruzzi and ... as "Italian, south."

Column ... Land or sea.—The entry in column 10 should show the ... coming or intending to come from ... purpose ... independent country of temporary ...

Aliens who are permanent residents ... year ... should be recorded ... next preceding.

Column ... Final destination.—The entry in column 11 should show definitely the place (city or town) of final destination ...

Column ... Ticket.—The entry in column 12 should be either Yes (ticket) or ...

Column ... Whether in possession of $50 and if not, by whom amount was furnished.—The entry in column 13 should be either Yes (ticket) or ... by whom passage was paid, whether by ... steamship company, etc.

Column ... Whether in possession of ticket to final destination.—The entry in column 14 should be Yes (ticket) or No (ticket) in each case ... shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15. Whether ever before in the United States, and if so, when and where.—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or period) and place; as 1894-97, Philadelphia.

Column 16. Going to join relatives or friend, and if so, what relative or friend, and complete address.—The entry in column 16 should show whether going to join either a relative or friend, and if so what relative or friend, with complete address.

Columns 17 to 31.—The answers in these columns are subject to revision by any inspection officer in the examination ...

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. The return of age in column 1 should be expressed in years or months, the latter signified, only, by letters under 1 year old.

Column 2. The entry in column 2 should be either M male or F female.

Column 3. The entry in column 3 should be either S single or M married.

Column 4. The entry in column 4 should be the occupation, if any, of each alien named, whether professional, skilled, or unskilled, as far as practicable, such as lawyer, physician, clergyman, author, artist, teacher, engineer, actor, musician, etc., or mechanic, machinist, carpenter, cabinetmaker, tailor, shoemaker, weaver, dressmaker, milliner, etc., or laborer, farmer, farm laborer, or servant, etc., or gentleman, merchant, clerk, salesman, etc., or miner, seaman, etc., or other occupation, stating which.

Columns 5 and 6. The entries in columns 5 and 6 should be the name and complete address of the nearest relative or friend in the country whence the alien came.

Columns 7 and 8. The entries in columns 7 and 8 should be the name and complete address of the nearest relative or friend in the United States to whom the alien is going.

Columns 9 and 10. The entries in columns 9 and 10 should show whether the alien has a ticket through to his final destination in the United States, and whether the passage is paid or not.

Column 11. The entry in column 11 should show whether the alien has in his possession as much as $50 and if less how much. The entry in column 11 should state in each case the amount of money shown.

Column 12. The entry in column 12 should show whether the alien has been in the United States before, and if so, the year or years when last admitted.

Column 13. The entry in column 13 should show whether the alien is going to join a relative or friend, and if so what relative or friend.

Column 14. The answers to questions in columns 14 to 20 are subject to revision by any inspection officer in the examination of aliens.

RACE OR PEOPLE.

"African (black)" refers to the African Negro, whether coming from Cuba or other places in the West Indies, North, or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

"Bohemian" refers to the people of the River Po in northern Italy, as contradistinguished from Bohemian Hebrews, and Czechs and their descendants, whether coming from Austria-Hungary or any other country, should be classed as such. [illegible] speak a Italic dialect of the Italian language.

"Italian (South)" refers to the people of Italy south of the basin of the River Po, including Sicilians, Sardinians, and those born in the Mediterranean Islands, Malta, Cyprus, etc. Most of these speak Italic dialects of the Italian language.

The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that a mere temporary residence in another country, for business or pleasure, should not be considered a change of permanent residence, nationality, or race.

Aliens, including persons returning from a visit abroad, who have been naturalized in the United States, should be considered as coming from the country of last permanent residence.

Aliens passing through and out of the United States should be carefully questioned as to their transit; these entries should show the country to which the alien is destined to pass through the United States, and the final destination.

Special attention should be paid to the declaration of race and nationality, and such declarations carefully revised by inspectors and registry clerks in the regard. Experience [illegible] has shown that [illegible] declarations [illegible] Teutonic, Latin, Celtic, Slavonic, Hebrew, Mongolian, etc., are frequently misleading. Race, language, and place of birth are frequently confounded, and the term "Russian," for instance, may mean Finn, Jew, or Lithuanian, while "German" may mean Bohemian, Hebrew, Pole, or Russian. No alien who is a native, citizen, or subject of any country can be properly classified under the heading of United Kingdom or any other country to nationality. In this connection the following distinctions should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.
